ADUAN PBT

PAPAN tanda jalan yang pudar harus ditukar segera bagi mengelakkan kekeliruan. - **IHSAN PEMBACA**

Ganti segera papan tanda jalan pudar

SAUDARA PENGARANG,

SAYA memohon Majlis Bandaraya Shah Alam (MBSA) menggantikan papan tanda jalan yang pudar dan lusuh.

Papan tanda jalan yang dimaksudkan terletak di Jalan Cerun 8/1C, Seksyen 8.

Papan tanda tersebut harus diganti baharu dengan segera kerana menimbulkan suasana sakit mata memandang, malah menggelirukan pengguna jalan raya.

Sejujurnya, saya telah beberapa kali membuat aduan kepada MBSA tetapi masih tiada tindakan.

Aduan pertama dibuat dengan menghantar ciapan kepada Twitter MBSA @sacitycouncil, pada Khamis, 3 Disember tahun lalu. Ia diikuti aduan pada hari sama kepada Datuk Bandar Shah Alam, Datuk Haris Kassim dan Sistem Pengurusan Aduan Awam Pentadbiran Setiausaha Kerajaan Negeri Selangor (SISPAA).

Tindakan susulan juga dibuat dengan menghantar e-mel sekali lagi kepada Datuk Bandar pada Khamis, 10 Disember lalu.

KAMARUDDIN HASSAN
Shah Alam, Selangor

JKR: Antara dua darjat

INSIDEN jatuh basikal menimpa Menteri Sains, Teknologi dan Inovasi, Khairy Jamaluddin Abu Bakar akibat terlanggar lubang di Jalan Kampung Sri Cheeding, Banting, Selangor baru-baru ini mencetuskan perbalahan antara netizen di media sosial. Ia berlaku susulan, Jabatan Kerja Raya (JKR) membuat permohonan maaf serta-merta kepada Khairy atau KJ. Apa yang mengundang kemarahan ialah JKR dikatakan berat sebelah dalam membuat permohonan maaf.

Rata-rata menyatakan, kerosakan jalan seperti berlubang hingga menyebabkan kemalangan

maut kepada pengguna jalan raya sebelum ini tidak diendahkan sangat oleh JKR atau pihak berwajib, jauh sekali menghulurkan permohonan maaf.

- Bagaimanapun apabila Ahli Parlimen Rembau itu cedera, terus jalan berkenaan dibaiki. Justeru netizen tidak mahu JKR berat sebelah hanya kerana mangsa seorang menteri sebaliknya perlu bertindak segera membaiki atau menurap jalan-jalan rosak.

Dalam perkembangan lain, perkongsian seorang wanita di laman Twitter menjadi perhatian ramai dan melucukan apabila

dia yang dikenali Cik Nils terkejut melihat basikal yang digunakan Khairy Jamaluddin sama seperti yang dimiliki oleh suaminya.

Difahamkan suami wanita itu tidak pernah memberitahu kepadanya harga basikal berkenaan mencecah RM45,000 seperti yang dikongsikan *BorneoGhost Online* di Twitter mengenai harga basikal tersebut. Namun pada masa sama, ramai dalam kalangan para suami yang cuba 'menyelamatkan' suami Cik Nils dengan memberitahunya harga basikal itu hanya RM4,500 untuk tidak memanjangkan cerita.

The screenshot shows a news article from hmetro.com.my. The headline is "ADUN Dengkil pulih Covid-19, kuarantin di rumah". The article features a photo of a man in a red shirt. The text below the photo discusses the recovery of an ADUN (Member of the State Legislative Assembly) from Dengkil after testing positive for COVID-19 and being quarantined at home. The article includes a sub-headline "Berita Berikutan" with several small thumbnail images of other news items. At the bottom, there is a "Kategori" section listing various news categories.

The infographic states that the Movement Control Order (PKPP) will be continued. It includes a warning icon and text indicating that the government will continue to monitor the situation and take necessary actions to control the spread of COVID-19. The text also mentions that the government will continue to provide support to the people during this difficult time.

Traffic lights needed in Taman Bukit Teratai

By **FARID WAHAB**
faridwahab@thestar.com.my

IT IS hoped that a proposal to instal traffic lights at the intersection of Jalan Teratai 2/5 and main road Jalan Teratai 1/2 in Taman Bukit Teratai, Ampang, will help to ease potential traffic congestion in the area.

The main road, which cuts through six housing areas, is expected to accommodate an increase in traffic flow when it connects to the Sungai Besi-Ulu Kelang Elevated (SUKÉ) Expressway sometime in the middle of the year.

The affected housing areas are Taman Bukit Teratai, Taman Muda, Taman Putra, Taman Seraya, Taman Melur

and Taman Saga.

Ampang Jaya Municipal Council (MPAJ) Zone 23 councillor Mohamad Samat said the proposal to the Hulu Langat Works Department (JKR) was drawn up after a survey found overwhelming support from residents for the traffic lights.

He said the survey, which was conducted in November by Teratai assemblyman Bryan Lai's office, revealed that 82% of 212 respondents were in favour of the proposal.

"The proposal will be sent to JKR this month.

"We hope that the traffic lights can be installed before the SUKE project is completed," said Mohamad.

He said the traffic lights were needed to

regulate the expected increase in traffic as more motorists would use the main road to enter and exit the SUKE Expressway.

He stressed that the main road was usually busy as there were some 800 housing units and commercial premises as well as public facilities.

"Many residents cross this road each day to visit the commercial premises for their daily shopping while many parents use it to pick up and drop off their children at SK Taman Bukit Teratai.

"There is also a *surau* and a public park nearby.

"The traffic lights will ensure the road is safer for both motorists and pedestrians to use," he added.

New parking lot for convenience of visitors to clinic

By **AIDA AHMAD**
 aidaahmad@thestar.com.my

VISITORS to the 14th Mile Health Clinic in Puchong, Selangor can now breathe a little easier with new free parking bays available for their convenience.

With the clinic being one of the busiest government health facilities in the country, the huge influx of vehicles to the area daily is a nightmare for many.

Selangor local government, public transportation and new village development committee chairman Ng Sze Han used his allocation of RM144,000 to convert the empty space into a parking lot.

"This clinic is like a mini hospital. It gets many patients every day.

"A lot of cars are parked illegally along the main road of Jalan Puchong, which causes traffic obstruction. They also hinder

ambulances going in and out of the clinic.

"There are 45 parking bays that people can use for free, and they include those going to the morning market nearby," said Ng after launching the new carpark.

Also present were Subang Jaya City Council (MBSJ) Zone 17 councillor Thomas Low and Batu 14 New Village chief Wong Kim Sa.

Low said the clinic received up to about 2,000 visitors daily, and the number increased in the past several months as it was used for Covid-19 screenings.

"Visitors' cars parked on the main street posed a danger to other road users and there had been many near-misses.

"That is why we requested Ng to convert this space to provide adequate parking for the public," said Low.

Wong, who has lived in the area

for 50 years, thanked Ng and hoped that the added parking spaces would ease congestion there.

A clinic representative, Datuk Dr Kannan Raman, who is also the former chairman of Puchong and Selangor health clinic advisory board, said the new parking bays were a big help.

He said patients, especially the elderly, needed help when visiting the clinic and it was difficult for them to move about in this high-density area.

"Traffic is getting worse and there is no space to park within the clinic's compound.

"The next thing is to set up a parking lot for people with disabilities too.

"I would advise people coming here in their cars to drop off the patients at the clinic first, before proceeding to park," he added.

The empty space opposite 14th Mile Health Clinic in Puchong has been converted into a parking lot.

Bad road condition shows dereliction of duty

IT was indeed a blessing in disguise that Science, Technology and Innovation Minister Khairy Jamaluddin fell off his bicycle after hitting a pothole, with all due respect to him, of course, because attention is now finally being directed at the issue of potholes that are pitting our roads nationwide.

Besides potholes, we also have to contend with broken roads and uneven surfaces due to shoddy work and droppings from concrete tankers. The Public Works Department (JKR) and local authorities do not need to wait for complaints from the public before taking action. I am sure their staff are also driving or moving around on the same roads as the rest of us. Most of these conditions could

“
 The Public Works Department and local authorities do not need to wait for complaints from the public before taking action.”

be easily rectified if some thought is given on addressing them. For example, private contractors who dig up roads for laying pipes or other works must be required to ensure that the said road is repaired to JKR standards once their work is completed. Failing

this, they have to redo the work at their own costs. If they still don't deliver, then the road should be repaired by JKR or its appointed contractors and the costs charged to the contractors concerned.

JKR and city/town councils should make it their responsibility to ensure that roads under their care are within the minimum international standards for road users.

Roads in Petaling Jaya are so infrequently attended to that I think the only time any repairs will be done is when there is an election or some VIP suffers an accident on them.

The stretch from Jalan Jelatek to Wangsa Maju under the DUKE/SPE alignment project is another example of a bad road. The way this

road is allowed to be rerouted is a shameful dereliction of duty by the respective road authorities. How could someone in authority allow the main contractor to provide such a bad road even if it is only for temporary use?

Would it not make sense for the authorities to write into the contract for this project that the contractor must provide a good road while the construction is going on? When simple things like this are not done, it is no wonder the public are feeling frustrated with the respective authorities. The right people should be appointed into these departments and agencies to put things back in order.

Air Selangor: Sungai Selisek water treatment plant shut down, eight areas affected

Sunday, 03 Jan 2021 10:33 PM MYT

Water Management Sdn Bhd (Air Selangor) Corporate Communications Chief Elina Baseri said the water of Sungai Se rose to a critical level at its intakes due to continuous rain forcing it to be shut down at 5.40 pm. — Picture by Hari Anggara

KUALA LUMPUR, Jan 3 — Eight areas in Hulu Selangor are expected to experience unscheduled supply disruptions of the Sungai Selisek Water Treatment Plant (LRA) is forced to shut down today.

Selangor Water Management Sdn Bhd (Air Selangor) Corporate Communications Chief Elina Baseri said the water of Sungai Selisek rose to a critical level at its intakes due to continuous rain forcing it to be shut down at 5.40 pm.

She said the areas affected were Kampung Sungai Nilam/Kampung Seri Pagi, Kampung Lalang, Rumah Murah PK2 Sungai Selisek, Kampung Serigala.

Kampung Orang Asli, Kampung Bahom, Kampung Sekolah/Kuarters Klinik and Kampung Gesir Tengah.

She said it was not known when the LRA would resume operations at this time as the rain had not stopped.

"Air Selangor must also ensure that all equipment at the LRA is in good condition and can function without compromise the safety of Air Selangor staff, especially involving electric current," she said in a statement today.

She said any further developments would be posted on the website www.airselangor.com.

Users could also refer to all Air Selangor official communication channels such as the Air Selangor application, Facebook, Instagram and Twitter, or contact the Selangor Water Liaison Centre at 15300, she added. — Bernama

先是黃綜翰 再來桃田確診

羽壇復賽遭重挫!

(吉隆坡3日讯)正当羽坛各界准备为阔别多月而重新上演的国际赛事(泰国羽毛球超级赛)欢呼时,黄综翰与桃田贤斗在今日先后传出确诊冠病,一连两波的巨大震撼弹震惊了所有羽球迷!

黃綜翰無症狀確診

大马羽总在今天下午发布了一条震撼大马体坛的文告,那就是大马羽总教练总监黄综翰的冠病检测呈阳性结果,确定无法带领国羽出征泰国羽球超级1000赛。

而目前尚无症状的黄综翰已按照卫生部、青体部和国家体育理事会的规定自我隔离观察。

39名国羽如期征泰国赛

大马羽总今日已在武吉加拉的大马国家羽球学院进行仔细的消毒程序。

但除了黄综翰一人,其他即将在明日出发到泰国参赛的39名球员与教练的冠病检测都是阴性结果,因此不影响国羽参赛。经与相关政府机构协商,国羽已获准按计划在周一出发前往泰国曼谷参加泰国赛。

国羽抵泰后

还需隔离及多次检测

抵达泰国后,大马羽球队将根据比赛要求被隔离直到1月11日。他们还将进行抵达的第4天、第9天、第13天和第18天以及返马前3天进行一系列拭子检测。

如果大马球员成功晋级年终总决赛,则将继续在赛事第22天和第26天进行拭子检测。根据记录,大马球员、教练和随行职员此行将接受大约5到7次拭子检测。

日羽隊臨時取消泰國行 最大咖出發前檢測中招

另外,日本世界第一男单桃田贤斗也在下午被报道确诊冠病,日本羽球队也因此取消了泰国羽球赛之行。

根据日本媒体日本放送协会(NHK)报道,日本羽球队原定今日(3日)从东京出发前往曼谷参加泰国羽球超级1000赛,但全队却在成田机场进行检测时,桃田的检测结果显示阳性。

据日本羽总职员称,在桃田于机场接受的PCR检测呈阳性后,日本羽总决定取消日本羽球队全队到泰国参赛。

此消息对世界羽联绝对是重大打击,因为中国羽球队此前已因政府不放行而全队退出泰国赛,如今又发生日本羽球队因最大牌球员桃田贤斗确诊冠病而临时全队退赛,让泰国赛星光大减。

桃田国际赛复出计划再展延

其实桃田贤斗刚刚在上周赢得全日本羽球锦标赛男单3连冠,并在日前于家乡香川县琴平町祈福许愿要“战胜自我,赢得金牌”的心愿。

原本他已放眼在泰国赛大展拳脚,迎来去年年初车祸治愈后的首项国际赛事,岂料却再被冠病袭击,国际赛复出计划也一拖再拖。

確認仍然可出征泰國

吳志強：國羽不受影響

報道：蘇欣薇

(吉隆坡3日讯)大马羽总秘书兼吴志强确认,大马国家羽球队球员不受羽总教练总监黄综翰确诊冠病的影响,可以如期在周一出发前往曼谷参加泰国羽球超级1000赛。

由于综翰做为羽总教练总监无可避免在大马国家羽球队与所有球员及教练有接触,因此引发国羽可能受泰国赛当局参赛限制的疑虑。不过,吴志强在接受《星洲体育》访问时确认,国羽前往泰国没有问题。

吴志强说:“除了综翰,其余球

员与教练都可以出征泰国。”

他进一步解释羽总平时执行严格的防疫措施,因此不用担心球员会被综翰传染:“其他球员与教练的检测均为阴性。在训练期间,他们总是严格遵守标准作业程序(SOP),戴口罩和保持安全距离。这就是为什么其余人的检测结果全部阴性。”

吴志强也强调,球员们不受综翰确诊影响,将抱着更大的决心在泰国赛争取好成绩,而综翰未能前往泰国,球员在比赛期间将由各项目教练指导。
