Penularan COVID-19

Stadium Malawati boleh muat 1,500 pesakit

CAC di Dewan MBSJ pindah ke Shah Alam tampung peningkatan kes

Oleh Norzamira Che Noh
 bhnews@bh.com.my

Shah Alam: Stadium Malawati di Seksyen 13, di sini, akan dijadikan Pusat Penilaian COVID-19 (CAC) bagi Pejabat Kesihatan Daerah (PKD) Petaling mulai hari ini.

Pengarah Jabatan Kesihatan Negeri Selangor, Datuk Dr Sha'ari Ngadiman, berkata stadium itu akan menggantikan CAC PKD Petaling terletak di Dewan Majlis Bandaraya Subang Jaya (MBSJ), SS15 sebelum ini.

Beliau berkata, Stadium Malawati dianggarkan boleh memuatkan antara 1,000 hingga 1,500 pesakit.

"CAC di Dewan MBSJ sebelum ini hanya boleh memuatkan maksimum hanya 500 pesakit.

"Susulan peningkatan kes yang semakin tinggi di daerah Petaling

Stadium Malawati Shah Alam dijadikan pusat pemeriksaan pesakit COVID-19 untuk Pejabat Kesihatan Daerah (PKD) Petaling mulai hari ini. (Foto Aziah Azmee/BH)

kita memerlukan tempat yang lebih besar.

"Jadi, kita akan memindahkan CAC PKD Petaling di Subang ke Shah Alam," katanya ketika dihubungi semalam.

CAC Stadium Malawati akan beroperasi dari Isnin hingga Jumaat bermula jam 8 pagi hingga 4 petang, manakala Sabtu jam 8

pagi hingga 12 tengah hari dan tidak beroperasi pada hari Ahad.

Selangor mempunyai 19 CAC di sembilan daerah, masing-masing satu di Petaling, Gombak, Hulu Selangor, Klang, Kuala Langat dan Sepang, manakala dua di Hulu Langat, Kuala Selangor (tiga) dan Sabak Bernam (sembilan).

Terdahulu, satu pesanan menerusi WhatsApp tular dalam kalangan penduduk sekitar Shah Alam yang memaklumkan PKD Petaling akan melakukan pengambilalihan Stadium Malawati untuk dijadikan CAC.

Orang awam dinasihat tidak ke kawasan berkenaan, selain untuk urusan berkaitan saja.

LIPATAN SEJARAH

■ 8 Februari 1979

Sultan lawat Selangor Pewter

SULTAN Selangor, Sultan Salahuddin Abdul Aziz Shah mencuba minum dengan bekas pewter ketika melawat ke Kompleks Selangor Pewter di Setapak, Kuala Lumpur bersama Tengku Ampuan Selangor, Tengku Ampuan Rahimah.

Ketibaan baginda berdua yang diiringi Raja Muda dan Raja Puan Muda disambut dengan paluan kompang dari Persatuan Kompang Semangat Baru (PKSB) Kampung Pandan. Sesudah itu, Pengarah Urusan Selangor Pewter, Encik P.K. Yong menyampaikan taklimat ringkas mengenai sejarah pewter dan kemajuan syarikatnya kepada baginda berdua di bilik mesyuarat.

Tekad besarkan anak sakit tulang rapuh

KUALA SELANGOR: Sepasang suami isteri tekad membesarkan anak mereka yang disahkan menghidap ‘*osteogenesis imperfecta*’ atau tulang rapuh biarpun tidak mengetahui sampai bila jangka hayatnya.

Bagi Nur Rhoshida Rosli, 34, dan suaminya Mohd. Nazri Mohd. Anuar, 36, mereka berdua perlu cekat menjaga anak bongsu mereka, Muhammad Adam Mikail (Adam) berusia setahun, yang hanya mampu terbaring dan bergantung sepenuhnya kepada alat bantuan pernafasan.

Nur Rhoshida berkata, dia pasrah apabila hasil imbasan yang dilakukan di sebuah hospital mendapati beberapa tulang bayi dikandungnya itu patah pada pertengahan 2019.

“Selepas sebulan melahirkannya di Hospital Sungai Buloh pada hujung tahun sama, doktor mengesahkan anak keempat saya menghidap pe-

nyakit tulang rapuh.

“Keadaan ini turut menyebabkan Adam ditempatkan di unit rawatan rapi bayi (NICU) selama empat bulan sebelum dibenarkan pulang,” katanya ketika ditemui di rumahnya di Taman Senohong, Jeram di sini semalam.

Sementara itu, Mohd. Nazri berkata, dia reda dengan ketentuan Allah dan memohon orang ramai supaya mendoakan kesejahteraan anaknya.

“Saya bersyukur kerana menerima bantuan Lembaga Zakat Selangor (LZS) terutama keperluan susu, lampin pakai buang dan kos sewa rumah,” katanya yang berpendapatan RM1,000 sebulan sebagai pembantu kedai.

Orang ramai yang ingin menghulurkan sumbangan boleh menyalurkannya di akaun bank Mohd. Nazri 164306384841 (Maybank) atau hubungi talian 014-9753136.

PASANGAN DINIKAH 'KADI RM50K' PERLU SERAH DIRI

SAH ATAU TIDAK SAH?

Lebih 100 pasangan yang dinikahkan seorang lelaki di Selangor sejak sebulan lalu perlu tampil ke pejabat Jabatan Agama Islam Selangor (Jais) bagi memastikan keabsahan pernikahan itu. Andai ia sah, hanya perlu daftar dan bayar denda sebaliknya, jika tidak sah, pasangan perlu berpisah. Itu elemen sedang diteliti Jais. *lapo: Yasmiral Dolah Aling*

Oleh Yasmiral Dolah Aling
 yasmiral@metro.com.my

Kuala Lumpur

“K” alau mahkamah syariah menda-pati pernikahan itu sah, pasangan terbahit perlu mendaftarkan perkahwinan dan membayar denda, jika tidak sah, perkahwinan itu terbatal,” kata Pengarah Jabatan Agama Islam Selangor (Jais) Datuk Mohd Shahzihan Ahmad. Beliau berkata demikian bagi mengulas mengenai pernikahan menggunakan

jurunikah tanpa tauliah yang dibongkar Bahagian Pengurusan Penguatkuasaan Jais apabila menahan seorang bekas kakitangan awam di sebuah premis di Puncak Alam

Shah Alam, Khamis lalu. Mohd Shahzihan berkata, lebih 100 pasangan dinikahkan menggunakan khidmat jurunikah tidak bertauliah itu sejak lebih sebulan lalu diminta tampil segera ke Jais untuk membantu siasatan berkaitan perkara itu. Menurutnya, pihaknya perlu menjalankan siasatan terhadap semua pasangan itu dan mengambil keterangan mereka yang

terbahit bagi menentukan sama ada pernikahan dijalankan sah dari segi syarak atau pun sebaliknya. Katanya, sekiranya didapati pernikahan mereka tidak sah, mereka perlu melakukan proses selanjutnya sama ada bernikah semula atau perlu mengambil tindakan lain.

“Jais melihat kepada dua elemen iaitu perundangan dan juga penentuan hukum. Ini yang kita perlukan mereka tampil. Kita perlu siasat dengan teliti kerana ia membabitkan hukum, bukan boleh main-main,” katanya ketika dihubungi, semalam.

Beliau berkata, buat masa ini pihaknya memerlukan

kejasama segera daripada semua yang terlibat untuk memurnikan siasatan. “Nikah sindikat seperti ini macam yang kita ketahui tidak sama seperti jurunikah bertauliah, ada kemungkinan maklumat diberi tidak tepat misalnya pernah berkahwin satu, dua atau lebih.

“Kita tak kata pernikahan itu tidak sah dari segi hukum, tetapi mereka perlu tampil untuk diulas,” katanya.

Metro Ahad, semalam melaporkan lelaki yang menawarkan khidmat sebagai jurunikah tidak bertauliah itu mengenakan caj RM1,000 hingga RM5,000 untuk setiap pernikahan dengan alasan ia bergantung kepada penyediaan dokumen. D dilaporkan, lelaki berkenaan yang turut melakukan kegiatan itu bersama isteri dan anaknya pernah ditahan Jais sebelum ini.

Boleh muat 1,500 pesakit Covid-19

Shah Alam: Stadium Malawati di sini beroperasi sebagai Pusat Penilaian Covid-19 (CAC) bagi daerah Petaling, mulai hari ini.

Pengarah Kesihatan Selangor Datuk Dr. Shahril Ngadiman berkata, CAC itu menggantikan CAC Dewan Majlis Perbandaran Subang Jaya (MPSJ) di SS15 berikutan kapasitinya yang boleh menampung lebih ramai pesakit Covid-19.

"CAC di Dewan MPSJ boleh memuatkan 500 pesakit sehari berbanding CAC di Stadium Malawati yang boleh menampung 1,500 pesakit. Keputusan ini dibuat berikutan jumlah kes baharu di daerah Petaling yang meningkat," katanya, semalam.

Beliau berkata CAC itu beroperasi dari Isnin hingga Sabtu dan ditutup pada Ahad.

"CAC itu memainkan peranan menilai pesakit Covid-19 sebelum menempatkan mereka di hospital, Pusat Kuarantin dan Rawatan Covid-19 (PKRC) di Serdang atau diarah menjalani kuarantin di rumah," katanya.

Beliau berkata, selain Stadium Malawati, CAC turut beroperasi di lapan daerah lain seperti di Klang, Kuala Selangor, Sabak Bernam, Gombak, Hulu Selangor, Hulu Langat, Sepang dan Kuala Langat.

Sementara itu, tinjauan di Stadium Malawati mendapati petugas Pejabat Kesihatan Daerah Petaling, Majlis Bandaraya Shah Alam dan Jabatan Pertahanan Awam sarak membuat persiapan bagi memastikan operasi CAC berkenaan berjalan lancar.

3,731 kes harian, 3,369 pesakit sembuh serta 15 kematian direkodkan

Tujuh kluster baharu dilaporkan

Oleh SITI A'ISYAH SUKAIMI

PUTRAJAYA – Kluster melibatkan majlis pengebumian serta perhimpunan keagamaan antara tujuh kluster baharu dikenal pasti semalam, yang antara lain penyumbang kepada 3,731 kes harian Covid-19.

Tujuh kluster baharu yang dilaporkan itu membabitkan tiga kluster berkaitan tempat kerja, dua kluster komuniti serta masing-masing satu kluster keagamaan dan kluster melibatkan kumpulan berisiko tinggi.

Selangor kekal mencatatkan kes baharu tertinggi iaitu sebanyak 1,606 kes dengan 1,025 kes daripada kluster-kluster dan avarangan kurang rapat yang aktif di lapangan, diikuti Johor (499 kes) dan Kuala Lumpur (372 kes).

Terdapat 15 kematian dilaporkan di Selangor, Kuala Lumpur, Sabah, Sarawak, Pulau Pinang, Kedah dan Johor melibatkan lapan lelaki dan tujuh wanita berusia 18 hingga 94 tahun.

Ketua Pengarah Kesihatan,

SEORANG wanita menjalani ujian saringan Covid-19 anjuran kerajaan negeri Selangor di PJS 1, Petaling Jaya semalam. – SHIDDEQIN ZON

Tan Sri Dr. Noor Hisham Abdullah berkata, sebanyak 81 kluster melaporkan pertambahan, dengan kes tertinggi membabitkan Kluster Industri Serkam (246 kes), Kluster Gudang Salak Tinggi (127 kes) dan Kluster Tapak Bina Lembah Selatan (99 kes).

Menurutnya, kluster baharu yang dilaporkan ialah Kluster Seruas di Beluru dan Miri, Sarawak dengan 59 kes iaitu kes indeks bergejala serta melibatkan satu majlis pengebumian.

"Kluster Lorong Mawar di Hilir Perak, Perak dengan 14 kes iaitu

kes indeks bergejala serta melibatkan satu perhimpunan keagamaan di Teluk Intan.

"Kluster Ampang Campuran di Cheras, Kuala Lumpur dan Hulu Langat, Selangor dengan 14 kes iaitu kes indeks bergejala serta melibatkan penghani dan pekerja sebuah pusat jagaan di Lorong Ikan Jelawat, Kampung Ampang Campuran, Ampang," katanya dalam satu kenyataan akhbar di sini semalam.

Beliau berkata, Kluster Tapak Bina Lembah Selatan pula di Sepang melibatkan 222 kes hasil saringan bersasar sebuah tapak binaan di Bandar Baru Lembah Selatan, Dengkil, Sepang.

"Kluster Jalan Bagin dikenal pasti di Sabak Bernam dan Klang dengan 22 kes iaitu kes indeks bergejala, manakala kluster ini melibatkan sebuah pusat pengajian di Jalan Bagan Terap, Kampung Batu 38, Sabak Bernam.

"Selain itu, Kluster Jalan Gangsa Dua di Johor Bahru, Johor dengan 30 kes iaitu hasil saringan bersasar sebuah kilang di Jalan

Pusat penilaian Covid-19 di Stadium Malawati mula hari ini

Oleh ABDUL RAZAK IDRIS

SHAH ALAM – Stadium Malawati yang terletak di Seksyen 13 di sini akan beroperasi sebagai Pusat Penilaian Covid-19 (CAC) bermula hari ini.

Pengarah Kesihatan Selangor, Datuk Dr. Sha'ari Ngadiman berkata, CAC berkenaan akan menggantikan CAC Dewan Majlis Perbandaran Subang Jaya (MPSJ) di SS15, Subang Jaya bagi daerah Petaling.

Katanya, pengoperasian itu susulan kapasiti stadium itu yang boleh menampung lebih ramai pesakit Covid-19.

"CAC Stadium Malawati boleh menempatkan sehingga 1,500 pesakit berbanding Dewan MPSJ yang hanya mempunyai kapasiti seramai 500 pesakit sehari.

"Keputusan ini dibuat berikutan jumlah kes baharu di daerah Petaling yang meningkat," katanya ketika dihubungi di sini semalam.

Setakat kelmarin, jumlah kumulatif kes di Petaling mencecah 19,609 merangkumi mukim Bukit Raja, Damansara, Petaling, Sungai Buloh dan penjara.

Kata beliau, CAC berkenaan akan beroperasi dari Isnin hing-

ga Sabtu sahaja dan berperanan menilai pesakit Covid-19 sebelum menempatkan mereka di hospital, Pusat Kuarantin dan Rawatan Covid-19 (PKRC) di Serdang atau hanya diarahkan menjalani kuarantin di kediaman masing-masing.

"Selain itu, CAC akan menjalankan penilaian dan pelepasan kepada kes positif yang telah melebihi 10 hari.

"CAC juga turut beroperasi di lapan daerah lain seperti di Klang, Kuala Selangor, Sabak Bernam, Gombak, Hulu Selangor, Hulu Langat, Sepang dan Kuala Langat," jelasnya.

STADIUM MALAWATI beroperasi sebagai CAC bermula hari ini menggantikan CAC Dewan MPSJ, Subang Jaya.

Setia ke hujung nyawa

KUALA LANGAT – Kasih sayang seorang isteri tidak berbeza bahagi apabila setia menjaga suaminya yang mempunyai penyakit tiga serangkai lebih lima tahun lalu di Kampung Kebun Bharu Batu 10 di sini.

Rosni Mohd. Kassim, 61, dan suaminya, Sajeri Liwon, 65, yang berkahwin sejak 36 tahun itu tidak dikurniakan zuriat.

Mereka sebelum ini bekerja di sebuah rangkaian pasar raya besar di Kuala Lumpur.

"Suami saya menghidap kencing manis kronik, darah tinggi dan jantung yang menyukarkan pergerakannya dan lebih banyak terbaring di katil.

"Pergerakan saya juga terbatas dan memakai tongkat akibat terjatuh beberapa kali sewaktu bekerja di pasar raya berkenaan 10 tahun lalu.

"Kehidupan memang susah kerana wang simpanan yang ada sudah habis digunakan dan

kini hanya bergantung kepada keprihatinan jiran yang menghulurkan barangan keperluan," katanya semalam.

Rosni berkata, mereka juga bergantung hidup kepada bantuan bulanan RM250 daripada Lembaga Zakat Selangor (LZS).

Katanya, keadaan kesihatan yang tidak memberangsangkan menyebabkan mereka lebih berada di rumah.

"Ini dugaan hidup kami, saya akan terus menjaga suami sehingga hujung nyawa," ujarinya.

Sementara itu, Pengerusi Pertubuhan Peladang Kawasan Kuala Langat, Dr. Abdul Razak Khasbullah yang melawat pasangan itu telah menyumbangkan katil dan barangan keperluan harian kepada mereka.

Orang ramai yang ingin membantu boleh membuat sumbangan melalui akaun Maybank **162115034533** atas nama Sajeri.

ROSNI (kiri) dan suaminya (tengah) dikunjungi Abdul Razak di rumah mereka di Kampung Kebun Bharu Batu 10, Kuala Langat semalam.

Menanti perkhabaran gembira

Susulan lawatan Menteri Kewangan

Oleh MOHD IZZATUL IZZIAN
 TAHIR

SARAK BERNAM

Nelayan di **JETI UZUR** Kampung Simpang Empat Bagan Nakhoda Omar (BNO) berharap perkhabaran gembira mengenai naik taraf jeti uzur selepas kunjungan Menteri Kewangan, Senator Tengku Datuk Seri Zafrul Tengku Abdul Aziz ke jeti itu pada Ahad.

Ketua Komuniti Nelayan BNO, Mohd Fadli Rusni berkata, lantai jeti nelayan pesisir pantai yang dibina pada tahun 1984 itu semakin mereput dan berbahaya jika tidak diperbaiki.

Malah katanya, sebahagian

jetinya konkrit dibina 2012 tersebut pernah runtuh sepanjang enam meter.

Menurutnya, Tengku Zafrul meluangkan masa kira-kira 10 minit mendengar keluhan nelayan berjanji untuk menyalurkan peruntukan bagi kerja-kerja baik pulih jeti itu.

"Pada masa ini, terdapat 60 nelayan termasuk pengusaha kebun kerang menggunakan jeti bagi mendaratkan hasil laut selain membawa barang seperti petrol dan alat menangkap ikan," kepada *Sinar Harian* pada Ahad.

Beliau berharap, tindakan segera dapat dilakukan bagi memastikan keselamatan nelayan yang menggunakan kemudahan itu setiap hari.

Selain itu katanya, beliau turut memaklumkan kepada Tengku Zafrul berhubung projek kebun kerang seluas 50 hektar diusahakan kira-kira 24 penternak di kawasan terbabit.

Tengku Zafrul (dua dari kiri) mendengar pemerhatian Mohd Fadli (dua dari kanan) pada lawatannya ke Jeti Nelayan Kampung Simpang Empat BNO pada Ahad.

"Penternak kerang di sini mampu menaikkan sebanyak 100 tan metrik kerang dewasa bagi setiap lot pada setiap musim," katanya.

Tengku Zafrul mengadakan lawatan kerja ke 10 tempat di Dewan Undangan Negeri (DUN) Sungai Air Tawar.

Sementara itu, isu capaian

internet yang kurang memuaskan di DUN Sungai Air Tawar turut dibawa ke pengetahuan Tengku Zafrul.

Ahli Dewan Undangan Negeri (ADUN) Sungai Air Tawar, Datuk Rizam Ismail berkata, masalah penebusan jalur lebar sehingga menyukarkan pelaksanaan Pengajaran dan pembela-

jaran di Rumah (PDR) itu dijangka akan dibawa Tengku Zafrul ke peringkat kementerian.

"Saya yakin Tengku Zafrul memandang serius isu capaian internet yang kurang memuaskan dan akan berusaha memastikan masalah ini dapat diatasi sepenuhnya," katanya.

Kajian rintis pengurusan lupus kereta terbiar

PANGKOR - Kerajaan akan melaksanakan satu kajian rintis selama enam bulan bagi memantapkan sistem pengurusan pelupusan kereta terbiar dan mencari kaedah pelaksanaan terbaik bagi Pihak Berkuasa Tempatan (PBT) untuk melupuskan kereta usang.

Menteri Perumahan dan Kerajaan Tempatan, Datuk Zuraida Kamaruddin berkata, sebagai permulaan kajian rintis itu akan melibatkan sebanyak lima PBT dan setakat ini tiga PBT telah dipilih iaitu Majlis Perbandaran Kajang (MPKj), Majlis Perbandaran Ampang Jaya (MPAJ) dan Majlis Perbandaran Klang (MPK) manakala selebihnya sedang dikenal pasti.

“Lima PBT ini akan dijadikan contoh untuk kajian rintis dan dalam sebulan ini mereka akan merancang prosedur operasi standard (SOP) dan sebagainya termasuk dari segi kaedah prosesnya untuk tempoh enam

Zuraida (tengah) mendengar penerangan Ketua Pengurusan Fasiliti Sisa Pepejal Alam Flora, Mohd Norazizi Zakaria (kiri) pada Ahad.

bulan nanti,” katanya.

Beliau berkata demikian pada sidang media selepas merasmikan kemudahan Pusat Kecemerlangan pertama di dalam negara bagi pengendalian sisa pepejal di kendalian Alam Flora Environmental Solutions di Loji Insinerator Pulau

Pangkor pada Ahad.

Zuraida berkata, kaedah pelupusan kereta usang yang baik diperlukan bagi mengurangkan perbelanjaan PBT kerana mereka tidak perlu menyewa tapak bagi menempatkan kereta buruk dan tersadai yang ditarik pihak mereka. - Bernama

Stadium turned into Covid-19 testing centre

SHAH ALAM: The Malawati Stadium here has begun operating as a Covid-19 Assessment Centre (CAC) for the Petaling district.

Selangor Health director Datuk Dr Sha'ari Ngadiman said the CAC, which can accommodate more patients, would replace the one at Subang Jaya Municipal Council (MPSJ) Hall in SS15, Subang Jaya.

"The CAC at MPSJ Hall only has a capacity of 500 patients a day, while Malawati Stadium can accommodate up to 1,500 patients.

"The decision was made due to the rising number of cases in the Petaling district," he said yesterday.

Dr Sha'ari said the CAC at Malawati Stadium would operate from today to Saturday.

At the CAC, Covid-19 patients will be assessed before they are sent to hospital, Covid-19 Quarantine and Treatment Centre in Serdang or told to undergo quarantine at home.

Besides Malawati Stadium, there are also CACs operating in eight other districts. — Bernama

'60% of S'gor roads have 'expired''

By SHALINI RAJAPREKAS

SOME 60% of roads in Selangor are "expired" and many are structurally damaged, causing issues such as potholes and cracks to be a perennial problem.

Some observers are just public servants, agricultural modernisation and up-to-date industry representation chairman Uthman Yusoff said many of these roads were however, 30 and 40 years old and past their life span.

"Roads usually reach maturity within 15 to 20 years, depending on usage."

"Over this period, upgrading works have to be done, particularly to the subgrade and sub-base layers," he said.

He stressed that unless this was done, temporary measures like road patching would not help improve road conditions.

He noted that another major contributor to Selangor road defects were overladen vehicles, which caused more significant damage and shorten the lifespan of roads.

Uthman added that these problems were compounded by the fact that a road might fail under the particular of several agencies, which could cause delays in resolving road issues.

In Selangor, there are five authorities responsible for roads: Federal Public Works Department (JKR), Federal roads, Selangor JKR, state roads, local council - (municipal roads, district offices - village roads and Dendang and Irigasi Department - agricultural roads).

Engineers had noted the jurisdiction of the Malaysian Highway Authority and project concessionaire.

"Because there are many agencies involved, issues such as budget constraints and lack of communication hamper road maintenance."

"Local councils and Selangor JKR have an allocated yearly budget to fix roads under the Road Maintenance Fund Record Information System (FARIS), whether there is no early system for defect roads," said Uthman.

Uthman Yusoff (right) said many of the roads in Selangor are "expired" and many are structurally damaged.

Uthman has proposed realising the current state and maintenance of roads to fall under one body agencies.

In 2019, he had proposed to introduce the monitoring and maintenance of roads in Selangor to fall under one body agencies - the local councils and the state JKR.

However, the parties are slow and discussions were still under way, he said.

Finding solutions

Uthman stressed that the state has to resolve the issue when it comes to aging roads.

Uthman said that state government was working with Selangor JKR to identify roads that were structurally damaged and a timeline had been established to repair them.

He stressed that it would take at least 14 years to properly fix around 8,000 kilometres of damaged roads.

"We cannot wait until we have enough funds to carry out the projects on all the roads, it must be done in phases."

"At the same time, we are introducing more roads to use new technologies as all the funds to upgrading the existing road."

He highlighted that priority must be given to high usage roads and based on the number of complaints.

He noted that repair costs were

higher in urban as it would depend on the size of the road, the volume and material.

Addressing increased road digging to move cables or upgrade utility systems, Uthman said that some agencies were being considered to bring upon appropriate contractors.

"Budget provided works by contractors, especially those related by utility and telecommunications companies, have contributed to the problem."

"In 10% of the cases, road expansion had to be for contractors' design because of double work," he disclosed.

In general, Uthman said that budgeting for road works is not up-to-date, the government hopes to introduce the Selangor Utility Checklist, where utility lines such as electricity, water supply pipes and sewer lines are visible would be laid in a common underground trench by the side of the road.

"The same idea will be possible to some extent with telecommunications."

He noted that the government would like to build more roads to improve road conditions and to build more roads to improve road conditions and to build more roads to improve road conditions.

"In the meantime, the state has plans to introduce some methods on road repairs and maintenance," said Uthman.

He explained, "let and digital traffic monitoring are now options being considered for the potholes and cracks."

"The key problem does not require coating of the road surface. It looks like the potholes with a bonded concrete overlay which seals the potholes."

"In Selangor, potholes were a limited road plan to build existing roads before a new Selangor plan to build the roads."

One novel method being explored, he said, was the smart road technology (SRT) as shown for continuous monitoring of potholes and cracks.

"The smart road will not be used to monitor potholes and other road defects and rely on the information to set up a repair plan."

"We are currently testing the smart technology to determine its effectiveness and viability," said Uthman.

Hollow trouble: Inspectors find cause of holes in the road in Kuala Lumpur. (The Star)

KERATAN AKHBAR

Routine checks conducted on KL traders

LOCAL authorities are continuing enforcement operations to ensure businesses abide by Covid-19 standard operating procedures during the second movement control order.

In Kuala Lumpur, enforcement officers routinely carry out checks so that roadside traders under the Federal Territories Ministry's Free Trade Area initiative adhere to guidelines.

"During an operation by Kuala Lumpur City Hall (DBKL) at Jalan Desa Rejang 1 in Setiawangsa, officers found that 11 out of 87 traders did not have a valid licence to operate.

"Those traders were issued compounds for operating without proper permits under Section 3(1) of the Traders Licensing (WPKL) 2016 bylaws," DBKL said in a statement.

A further five traders were found to be in the process of applying for a licence from DBKL.

Officers also rearranged traders' tents to ensure physical distancing, installed safety tapes and placed water barriers to ensure traffic safety.

Under the initiative, anyone can apply for a temporary six-month licence to set up a stall.

It is meant to help those who

DBKL enforcement officers checking on a roadside trader to ensure compliance with Covid-19 guidelines.

have lost their source of income amid the Covid-19 pandemic.

Meanwhile, Selayang Municipal Council (MPS) took action against businesses illegally run by foreigners.

"Monitoring and enforcement is carried out every day, while larger scale operations are based on the situation," an MPS spokesperson said.

In an operation, MPS enforcement officers raided an unregistered storage facility outside

Selayang Wholesale Market.

Some 18 boxes of seafood and vegetables were confiscated from the facility, which were used by foreign traders to sell illegally.

Workers from KDEB Waste Management helped to clean up the area as well as dispose of accumulated debris.

Action was taken under Section 3 of the Trade, Business and Industrial Licensing By-law (MPS) 2007. — **By SHALINI RAVINDRAN**

Seeking chance to earn some income

Clothes, shoe traders in Ampang night market want MPAJ to allow them to sell other items

By **JAROD LIM**
 jarodlim@thestar.com.my

NIGHT market traders in Ampang who sell clothes and shoes and are prohibited from operating during the movement control order period, want Ampang Jaya Municipal Council to allow them to sell products other than what is stated in their licence.

MPAJ Zone 23 councillor Mohamad Samat said about 10 clothes traders from the Taman Melur night market had reached out to him to ask for the council's permission to sell other items, such as food.

"Currently, clothes, accessories and shoe traders are not allowed to operate at night markets under MPAJ's jurisdiction.

"This also includes watches and spectacles as it involves visitors trying on the products.

"This means that throughout the MCO, those traders do not have any income.

"So, some of them asked if they could sell food at the night market temporarily during this MCO.

"I think it is a good idea, so that they can earn some income," he said.

Mohamad said he had written to MPAJ president Mohd Fauzi Mohd Yatim on Saturday to seek his permission to allow these traders to sell products that were allowed under the night market standard operating procedures (SOP).

"It is a small matter and their trading licence will remain.

"I hope MPAJ can give the permission for the traders to temporarily sell other products such as food and face masks, instead of the products described in their licence.

"The clothes and shoes traders do not have another way of earning an income," he said.

According to National Security Council guidelines dated Feb 4, night markets are allowed to open from 4pm to 10pm with strict SOP compliance and under the supervision of Bela volunteers or local councils.

However, it does not specify which product categories are not allowed to be sold at night markets.

Different local authorities in the Klang Valley, however, interpret the SOP differently.

Clothes traders in Setia Alam night market are open for business, but shoppers are not allowed to try out the items.

For example, night markets under Shah Alam City Council currently allow all traders to operate, while Kuala Lumpur City Hall (DBKL) has prohibited clothing and shoe traders from operating.

A trader, who declined to be named, said this grey area meant that some clothes traders at night markets in Petaling Jaya were operating but with strict SOP in place, such as not allowing shoppers to try on the clothes.

Meanwhile, Kuala Lumpur Night Market Association secretary Charles James Roy, who had been championing the welfare of night market traders, urged DBKL to specify products that were allowed to be sold at night markets.

"We only received text messages from DBKL that clothes and shoes are not allowed to be sold at night markets during the MCO," he said, adding that there should be greater clarity on the matter.

Crucial for us to work together, says MB

By **WANI MUTHIAH**
newsdesk@thestar.com.my

KLANG: It is important for both the Perikatan Nasional government and the state government to work together in fighting the Covid-19 pandemic, says Datuk Seri Amirudin Shari.

The Menteri Besar said he was open to the synchronisation and sharing of data between the Federal Government's MySejahtera and the state government's Selangkah appli-

cations. Both applications were developed to monitor the Covid-19 pandemic.

"In my first meeting with the Health Minister (Datuk Seri) Dr Adham (Baba), we highlighted about synchronisation of the data.

"Recently, when we met up with the Science, Technology and Innovation Minister Khairy (Jamaluddin), it was raised again to combine data and analysis," he said in a dialogue with Star Media Group adviser Datuk Seri Wong Chun Wai,

Karangkrak Group chairman Datuk Dr Hussamuddin Yaacob and former Utusan Melayu group chief editor Tan Sri Johan Jaafar.

The discussion, which is in collaboration with the Asia News Network, was conducted in Wong's Facebook Timeline and titled "Covid-19 Fight: Red Zone Selangor".

Amirudin, who was answering Hussamuddin's question if the data from both the applications would be synchronised, said there was a positive outcome in his latest meet-

ing with Dr Adham on the synchronisation of data.

He also said Dr Adham had agreed for the state's officer to go to the MySejahtera command centre in line with the synchronisation plan.

"With accurate data, there could be better analysis and projection as to the path and location of the pandemic," he said, citing how the state government was able to predict an outbreak in Jalan Othman market based on the analysis of data.

Stadium to be Covid assessment centre

SHAH ALAM: The Malawati Stadium here will operate as a Covid Assessment Centre (CAC) for the Petaling district beginning today.

Selangor Health director Datuk Dr Sha'ari Ngadiman said the CAC at the stadium, which will be able to accommodate more patients, would replace the one at the Subang Jaya Municipal Council (MPSJ) Hall in SS15.

"The CAC at MPSJ Hall only has a capacity of 500 patients a day, while the Malawati Stadium can accommodate up to 1,500 patients. The decision was made due to the increasing number of new cases in the district," he said yesterday.

The CAC will operate from Monday to Saturday. It will be closed on Sunday. Covid-19 patients will be assessed at the CAC before they are sent to hospitals, the Covid-19 Quarantine and Treatment Centre in Serdang or ordered to undergo home quarantine.

Besides Malawati Stadium, there are also CACs operating in eight other districts, namely Klang, Kuala Selangor, Sabak Bernam, Gombak, Hulu Selangor, Hulu Langat, Sepang and Kuala Langat. - Bernama
