Muka Surat	:	23

NEGARA mencapai kemerdekaan pada 31 Ogos 1957. Sungguhpun demikian, keadaan tanah air tidak selamat sepenuhnya khususnya di kawasan hutan dan pergunungan sehingga tahun 1989. Ini kerana Parti Komunis Malaya melancarkan cubaan kedua mereka dalam hasrat memiliki sebuah negara komunis.

Tempoh ini disebut sebagai Darurat Kedua atau *Second Emergency* yang berlaku mulai tahun 1960 hingga 1989. Maka dalam tempoh itu dan sehingga Disember 1989, kawasan hutan dan pergunungan hanya berani dikunjungi oleh pasukan keselamatan iaitu Angkatan Tentera Malaysia bagi memburu penganas komunis.

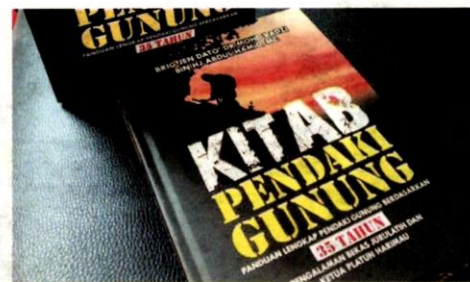

Situasi ini berlarutan sehingga tahun 1992 iaitu selepas jerangkap samar yang ditanam oleh penganas komunis di dalam hutan negara dibersihkan.

Berdasarkan rekod, sehingga tahun 1992, belum ada lagi aktiviti *hiking* di dalam hutan dan pergunungan Negara secara bebas kerana keadaan yang tidak selamat sepenuhnya. Apa yang ada hanyalah aktiviti berburu dan mencari hasil hutan oleh penduduk tempatan atau orang asli. Jika ada, hanyalah melibat kawasan riadah atau *trail* yang diasaskan oleh British semasa negara berada di bawah pentadbiran British.

Antaranya ialah *trail* di kawasan pergunungan Bukit Fraser, Bukit Maxwell, G. Kinabalu, dan Cameron Highland. Selebihnya ialah aktiviti bersukan di kawasan berbukit yang ada di sekitar kampung ataupun Bandar yang cerah dan disahkan selamat.

Aktiviti mendaki mula menjadi popular sekitar

Naskhah lengkap pendakian gunung

awal tahun 1993, apabila ada bekas pesara tentera yang menjalankan perniagaan membawa pelancong melawat kem penganas komunis dan usaha pihak Muzium Tentera Darat menjejak lokasi pertempuran penting dan menggali semula jenazah-jenazah perajurit yang ditanam di dalam hutan seperti yang berlaku dalam peristiwa serang hendap Gua Musang.

Kini aktiviti mendaki bukit atau gunung telah menjadi satu aktiviti rekreasi paling popular atau 'goreng pisang panas' dalam kalangan anak muda. Hampir semua lokasi tanah tinggi yang ada di dalam setiap negeri menjadi lokasi tumpuan anak-anak muda bagi menawannya. Setiap negeri mempunyai lokasi pendakian popular masing-masing. Malah lokasi-lokasi pendakian ini turut menarik minat pendaki-pendaki dari luar negara yang

mengalami kelesian hutan hujan dan kecantikan gunung dan perbukitan dalam negara.

Sungguhpun demikian, adalah di dapati kegilaan anak-anak muda dengan aktiviti mendaki tidak diasuh dengan baik yang mana kebanyakan mereka melakukan aktiviti mendaki tanpa persediaan yang mencukupi, menyebabkan hampir saban minggu ada sahaja kemalangan sewaktu pendaki dilaporkan berlaku. Sesar, hilang, jatuh atau tergelincir, kesejukan gunung, gigitan serangga berbisa, lemas atau hanyut dibawa arus kepala air.

Kadang kala jenis kemalangan juga sangat memeranjatkan kerana ia berlaku di kawasan pendakian yang selamat dan mudah dilakukan. Inilah yang menjadi satu fenomena kepada kemalangan pendaki.

Berdasarkan kajian pendaki

tegar atau profesional iaitu Brigedier Jeneral Datuk Dr. Mohd. Radzi Abdul Hamid, yang berpengalaman lebih 35 tahun dalam pendakian; beliau mendapati kebanyakan kemalangan pendaki yang berlaku dalam negara adalah kemalangan yang boleh dielakkan.

Dalam masa yang sama, beliau tidak menolak faktor malang tidak berbau. Tetapi berdasarkan pemerhatian beliau, kemalangan pendaki yang berlaku adalah disebabkan oleh kurangnya pengetahuan asas berkaitan aktiviti dan cabaran yang akan dihadapi ketika mendaki.

Bagi membantu anak-anak muda tanah air ke arah memiliki pengetahuan asas pendakian beliau menulis sebuah buku panduan pendakian *Kitab Pendaki Gunung*. Ia ditulis berdasarkan pengalaman lebih 35 tahun bergelung dengan hutan dan pergunungan semasa operasi memburu penganas komunis.

Buku setebal 419 muka surat ini mempunyai 25 bab yang menjelaskan pelbagai maklumat berkaitan pendakian antaranya memilih peralatan mendaki yang sesuai lagi tepat, tahap skala cabaran pendakian dan tataraca pendakian.

Kitab Mendaki Gunung turut memuatkan panduan pengajaran aktiviti pendakian, panduan dan tindakan kepada kemalangan pendaki, tindakan mencari

pendaki sesat, tindakan berhadapan dengan binatang buas serta panduan memilih tumbuhan dan binatang atau serangga yang boleh dimakan atau iktiar hidup ketika sesat.

Ia memaparkan satu bab khas bagi panduan pendaki wanita. Dalam bab ini dijelaskan berkaitan panduan persiapan alat dan diri pendaki wanita dan tip-tip pendakian dan ketika bermalam di *campsite*. Lebih menarik buku ini turut menyediakan panduan solat dan doa keselamatan ketika mendaki dan senarai bukit dan gunung dalam negara yang popular untuk didaki.

Penulis turut berkongsi pengalaman mendaki gunung tertinggi di Asia Tenggara iaitu Gunung Kinabalu untuk dikongsi bersama pembaca.

Ketika ditanya harapan beliau kepada hasil penulisan ini, Mohd. Radzi atau lebih dikenali dalam kalangan pendaki dengan nama panggilan 'Pena Celoreng', mengharapkan anak-anak muda atau sesiapa sahaja yang ingin berjinak-jinak dengan aktiviti pendakian melakukan persediaan terlebih dahulu sebelum memulakan aktiviti pendakian.

Persediaan adalah kunci utama kepada satu ekspedisi yang sistematik, selamat dan menghiburkan. *Kitab Pendaki Gunung* dilancarkan Raja Muda Selangor Tengku Amir Shah Ibnu Sultan Sharafuddin Idris Shah, di Gunung Nuang sempena pembukaan semula *trail* Gunung Nuang yang lebih satu tahun ditutup.

Dalam pelancaran ini Tengku Amir Shah turut meluahkan masa mendaki Gunung Nuang bersama beberapa orang kerabat di Raja Selangor dan mahasiswa MSU, Shah Alam dan anggota tentera dari 11 Briged Infantri Malaysia.

UEM Edgenta, syarikat Arab Saudi jalin kerjasama strategik

Oleh **SHAFIQAH SHUKOR**
 shafiqah.shukor@mediamajlis.com.my

PETALING JAYA: UEM Edgenta Berhad (UEM Edgenta) telah menandatangani Memorandum Eksplorasi Perniagaan (MoBE) dengan Asma Advance Solutions LLC (Asma Advanced) bagi mengenal pasti strategi untuk memperluaskan pasaran perkhidmatan sokongan penjagaan kesihatan dan pasaran pengurusan fasiliti bersepadu di Arab Saudi.

Pengarah dan Ketua Pegawai Eksekutif UEM Edgenta, Syahrizam Samsudin memberitahu, MoBE itu dijangka membuka jalan kerjasama masa hadapan bagi meneroka dan mengenal pasti peluang yang berpotensi dalam usaha untuk memperluaskan perniagaan yang berdaya maju secara komersial di Arab Saudi.

"Melalui kerjasama strategik itu, kedua-dua pihak akan mengadakan perbincangan bersama dalam tempoh lapan bulan akan datang dan memanfaatkan kekuatan semua pihak untuk meneroka peluang perniagaan.

"Ia menandakan lebih banyak peluang untuk kami mempelbagaikan lagi aliran pendapatan syarikat ketika meneroka

MOHAMED Azmin Ali menyaksikan majlis menandatangani Memorandum Eksplorasi Perniagaan antara Syahrizam Samsudin (kanan) dan Sheikh Abdulwahab Nasser Al-Akeel.

pasaran baharu di Arab Saudi," katanya dalam kenyataan.

Tambahnya, pihaknya yakin kerjasama dengan Asma Ad-

vanced itu akan mendorong pertumbuhan selanjutnya dalam strategi pengembangan serantau, untuk merealisasikan

visi *Edgenta of the Future 2025*.

Majlis tersebut disaksikan oleh Menteri Kanan Perdagangan Antarabangsa dan Indus-

tri (MITI), Datuk Seri Mohamed Azmin Ali.

Sementara itu, Pengerusi Asma Advanced, Sheikh Abdulwahab Nasser Al-Akeel menjelaskan, aspirasi pihaknya ialah untuk menjadi penyedia pilihan, terutamanya dalam bidang penyelesaian kesihatan dan alam sekitar.

"Kami amat berbesar hati dapat bekerjasama dengan UEM Edgenta, syarikat penyedia perkhidmatan sokongan penjagaan kesihatan yang berpengalaman di mana kami kini sedang memperkenalkan penyelesaian inovatif ke pasaran Arab Saudi.

"MoBE akan menggariskan kerjasama yang rapat antara kedua-dua pihak termasuk mengenal pasti peluang yang berpotensi untuk UEM Edgenta membuktikan kemampuannya dan menawarkan penyelesaian bagi mewujudkan struktur komersial, sekiranya wujud peluang sebelum akhir Disember 2021," katanya.

Asma Advanced merupakan sebuah syarikat yang dimiliki bersama oleh Progressive Impact Corporation Berhad dan syarikat saham bersama tertutup Arab Saudi, Trade House Group Company.

ISU BEKALAN AIR 3 BLOK PA

DBKL dah bayar tunggakan

Kuala Lumpur

Dewan Bandaraya Kuala Lumpur (DBKL) sedang menjalankan semakan dan siasatan mengenai jumlah bayaran bil air tertunggak membabitkan tiga blok Perumahan Awam (PA) Sri Kelantan, Sentul di sini, yang mengalami isu pemotongan bekalan air oleh Pengurusan Air Selangor Sdn Bhd sejak Selasa lalu.

DBKL dalam satu kenyataan, semalam memaklumkan tiga blok perumahan PA terbabit diuruskan secara berasingan oleh Badan Pengurusan Bersama (JMB) dan DBKL yang berkongsi meter air pukal.

“Begitupun, DBKL mengambil tindakan segera dengan menyelesaikan bayaran kepada pihak syarikat Air Selangor bagi memastikan penduduk di PA ini terus mendapat be-

kalan air.

“Satu mesyuarat berkaitan jumlah bayaran bil air tertunggak akan dilaksanakan dalam masa terdekat dengan pihak-pihak terbabit,” menurut kenyataan itu.

DBKL juga sedang mengkaji kemungkinan untuk melaksanakan pemecahan meter secara individu supaya dapat menyelesaikan isu tunggakan sedia ada memandangkan ketiga-tiga blok PA terbabit menggunakan meter pukal.

Kelmarin, media melaporkan penduduk di tiga blok PA itu didakwa kerap berdepan gangguan bekalan air akibat tunggakan mencecah RM97,000 membabitkan satu blok dan perkara itu disifatkan tidak adil kerana turut memberi kesan kepada penduduk di dua blok lagi di kawasan perumahan berkenaan.

SYAHRUNIZAM (duduk, kanan) dan Sheikh Abdulwahab (duduk, kiri) menandatangani MoBE.

UEM Edgenta teroka pasaran Arab Saudi

Kuala Lumpur: UEM Edgenta Bhd memeterai memorandum eksplorasi perniagaan (MoBE) bersama Asma Advanced Solutions LLC (Asma Advanced) bagi mengenal pasti strategi memperluaskan perkhidmatan sokongan penjagaan kesihatan dan pengurusan fasiliti bersepadu di Arab Saudi.

Pengarah Urusan dan Ketua Pegawai Eksekutif UEM Edgenta, Syahrudin Samsudin berkata, MoBE dijangka membuka ruang kerjasama meneroka dan mengenal pasti peluang yang berpotensi dalam usaha memperluaskan perniagaan secara komersial di Arab Saudi.

Beliau berkata, melalui kerjasama strategik itu, kedua-dua pihak akan mengadakan perbincangan bersama dalam tempoh lapan bulan akan datang dan memanfaatkan kekuatan masing-masing bagi meneroka peluang perniagaan.

"Ini menandakan lebih banyak peluang untuk kumpulan mempelbagaikan lagi aliran pendapatan ketika meneroka pasaran baharu di Arab Saudi.

"UEM Edgenta gembira dengan prospek ini, ketika menuju ke arah pemulihan ekonomi pasca pandemik. Menerusi pengalaman kami dalam sektor sokongan penjagaan kesihatan, kerjasama dengan Asma Advan-

ced ini akan mendorong pertumbuhan selanjutnya dalam strategi pengembangan serantau kumpulan.

"Ini juga sekali gus akan merealisasikan visi *Edgenta of the Future 2025*," katanya selepas majlis menandatangani memorandum itu di Riyadh.

Majlis disaksikan Menteri Kanan Perdagangan Antarabangsa dan Industri, Datuk Seri Mohamed Azmin Ali.

Asma Advanced adalah syarikat yang dimiliki bersama oleh Progressive Impact Corporation Bhd (PICORP) dan syarikat saham bersama tertutup Arab Saudi, Trade House Group Company (THG).

Sementara itu, Pengerusi Asma Advanced, Sheikh Abdulwahab Nasser Al-Akeel berkata, kumpulan berhasrat menjadi penyedia pilihan, terutama dalam bidang penyelesaian kesihatan dan alam sekitar.

Beliau berkata, kerjasama dengan UEM Edgenta adalah satu penghormatan berdasarkan kepada kredibiliti dan pengalamannya dalam perkhidmatan sokongan penjagaan kesihatan.

MoBE akan menggariskan kerjasama erat antara kedua-dua pihak termasuk pembabitian pihak berkepentingan yang berkaitan dan memahami peraturan serta keperluan pasaran tertentu.

UEM Edgenta teroka pasaran Arab Saudi

PETALING JAYA – Syarikat pengurusan aset dan penyelesaian infrastruktur terkemuka, UEM Edgenta Bhd. (UEM Edgenta) menandatangani memorandum eksplorasi perniagaan (MoBE) dengan Asma Advanced Solutions LLC (Asma Advanced) sekali gus menandakan kemasukannya ke pasaran Arab Saudi.

Memorandum itu bagi mengenal pasti strategi untuk memperluaskan pasaran perkhidmatan sokongan penjagaan kesihatan dan pasaran pengurusan fasiliti bersepadu di negara tersebut.

Asma Advanced merupakan syarikat yang dimiliki bersama oleh Progressive Impact Corporation Bhd. (Picorp) dan Syarikat Saham Bersama Tertutup Arab Saudi, Trade House Group Company (THG).

Pengarah Urusan/Ketua Pegawai Eksekutif UEM Edgenta, Syahrudin Samsudin berkata, pihaknya sangat gembira dengan prospek untuk mempelbagaikan lagi aliran pendapatan syarikat dengan meneroka pasaran baharu di Arab Saudi, ketika sedang menuju ke arah pemulihan ekonomi pascapandemik.

“Kami yakin kerjasama dengan Asma Advanced ini akan mendorong pertumbuhan selanjutnya

Nota Di Sebalik Tabir

Bersama MERAK JALANAN

Pulanglah Sajat, tak lama lagi hari raya

PEJAM celik, pejam celik sudah hampir tiga bulan usahawan kosmetik, Nur Sajat atau nama sebenarnya, Muhammad Sajjad Kamaruzzaman hilang daripada pandangan umum.

Ada yang kata, Sajat kini bersembunyi di Thailand. Ada pula yang mendakwa pernah ternampak kelibat penyanyi lagu *Bobo Di Mana* itu di Johor serta Kelantan.

Sajat di mana? Di mana pun keberadaannya, Merak Jalanan berharap pemuda berusia 36 tahun itu keluar dari

tempat persembunyian dalam kadar segera, lebih-lebih lagi raya sudah nak dekat.

Seorang teman Merak Jalanan berkata, Sajat perlu *gentlemen* dalam berhadapan dengan kes yang dihadapinya.

"Jat ni, aku peliklah. Kenapa mahu menyorok sedangkan dia tak berhadapan sebarang pertuduhan atau hukuman yang berat di mahkamah.

"Sampai bila dia mahu bersembunyi? Raya dah nak dekat ni. Aku risau dia kemurungan bila dengar lagu raya."

kata seorang rakan lagi.

Merak Jalanan mahu ingatkan Sajat, sambutan 1 Syawal di 'perantauan' tidak semeriah sambutan di negara sendiri biar pun ketika ini kita berdepan pandemik Covid-19.

Bagi yang malas membaca dan tiada klu kenapa Sajat menghilangkan diri, biar Merak Jalanan jelaskan kenapa dia diburu pihak berkuasa.

Pertama, pada 23 Februari lalu, Mahkamah tinggi Syariah Shah Alam mengeluarkan tangkap terhadap Sajat

kerana gagal menghadirkan diri pada sebutan semula kesnya berhubung menghina Islam tanpa sebarang sebab.

Kedua, Sajat bersembunyi sebagai waran tangkap dikeluarkan mahkamah dalam usaha mengelak dikesan pihak Jabatan Agama Islam Selangor (JAIS).

Apa pun, jika benar Sajat bersembunyi di luar negara, Merak Jalanan berharap dia tidak mengalami sebarang kesukaran untuk menjalani ibadah puasa dan mudah mendapat makanan halal untuk terbuka dan bersahur.

Covid-19: MB Selangor panggil sidang khas

SHAH ALAM - Menteri Besar Selangor, Datuk Seri Amirudin Shari akan memanggil sidang khas Jawatankuasa Kerja Keselamatan Negara (Negeri Selangor) pada Jumaat (hari ini) susulan peningkatan kes Covid-19 di negeri ini.

Menerusi ciapan di laman Twitter pada Khamis, Amirudin memaklumkan, sidang khas itu bertujuan meneliti semula pelaksanaan Perintah Kawalan Pergerakan Bersyarat (PKPB) di seluruh negeri ini.

Beliau berkata, mesyuarat akan membincangkan syor-syor pelaksana-

naan PKPB di Selangor kepada Majlis Keselamatan Negara (MKN) untuk pertimbangan kerajaan Persekutuan.

"Hari ini hari ketiga berturut-turut kes baru Covid-19 kembali mencecah empat angka, esok pagi (Jumaat) saya memanggil sidang khas bagi meneliti semula pelaksanaan PKPB di seluruh Selangor," katanya.

Berdasarkan pecahan kes Covid-19 pada Khamis, Selangor merekodkan jumlah tertinggi dengan 1,083 kes diikuti Sarawak (522) dan Kelantan (401).

Hari ini hari ketiga berturut-turut kes baru Covid-19 kembali mencecah empat angka, esok pagi (Jumaat) saya memanggil sidang khas bagi meneliti semula pelaksanaan PKPB di seluruh Selangor."

DBKL langsaikan tunggakan bil air PA Sri Kelantan

KUALA LUMPUR - Kementerian Wilayah Persekutuan dan Dewan Bandaraya Kuala Lumpur (DBKL) memandang serius isu pemotongan bekalan air di Perumahan Awam (PA) Sri Kelantan yang dilaksanakan oleh Pengurusan Air Selangor Sdn Bhd (Air Selangor).

Unit Media DBKL berkata, pihaknya sedang menjalankan semakan dan siasatan mengenai jumlah bayaran bil air tertunggak di PA tersebut yang kini di bawah pengurusan berbeza iaitu Badan Pengurusan Bersama (JMB) dan sebahagian masih di bawahnya.

“Begitupun, DBKL telah mengambil tindakan segera dengan menyelesaikan bayaran kepada Air Selangor bagi memastikan penduduk di sana terus mendapat bekalan air.

“Satu mesyuarat berkaitan jumlah bayaran bil air tertunggak akan dilaksanakan dalam masa terdekat dengan pihak-pihak yang terlibat,” katanya dalam satu kenyataan pada Khamis.

Menurut kenyataan itu, DBKL juga sedang mengkaji kemungkinan untuk melaksanakan pemecahan meter secara individu.

“Ia bagi menyelesaikan isu tunggakan sedia ada memandangkan ketika ini ketiga-tiga blok PA ini menggunakan

Laporan *Sinar Harian* pada Rabu.

meter pukal,” katanya.

Pada Rabu, *Sinar Harian* melaporkan penduduk di tiga blok PA Sri Kelantan menghadapi gangguan bekalan air sejak petang Selasa selepas Air Selangor melakukan pemotongan susulan isu tunggakan didakwa mencecah RM97,000.

Blok A dan B diuruskan oleh Badan Pengurusan Bersama (JMB) manakala Blok C masih diuruskan oleh DBKL dan kesemua blok di situ masih berkongsi satu akaun yang sama.

Muka Surat	:	-

The screenshot shows a news article from Sinar Harian Online dated 29 April 2021. The main headline is "MBSJ kutip sampah pukat percuma menjelang Syawal". The article text includes:

A A'

SURABAYA, 28 April - Majlis Bandaraya Selangor (MBSJ) menawarkan perkhidmatan kutip sampah pukat secara percuma kepada semua penduduk di penempatan teres di kawasan pentadbiran MBSJ menjelang sambutan Hari Raya Aidilfitri.

Tindakan Pengarah Jabatan Korporat dan Pengurusan Strategik MBSJ, Afdialul Akmal Abdul Samad, berkata, perkhidmatan tersebut dibenarkan bermula mulai sehingga 30 Mei 2021 iaitu KECER Waste Management Sdn Bhd.

Menurutnya, tindakan tersebut bertujuan untuk mengurangkan jumlah sampah plastik, kardus, botol, bungkusan plastik, tisu dan tidak termasuk sampah berat seperti besi, aluminium, paip, barangan elektronik, kenderaan dan sebagainya. Selain itu, tindakan ini juga bertujuan untuk mengurangkan jumlah sampah yang dibuang ke tempat pembuangan akhir.

"Perkhidmatan tersebut dibenarkan teras kepada KECER Waste Management Sdn Bhd bermula mulai sehingga 30 Mei 2021 iaitu melalui talian 03-5544457 atau melalui WhatsApp di 011-3558457. Tarikh tindakan tersebut berakhir pada 30 Mei 2021.

"Perkhidmatan akan dibenarkan kepada penduduk di kawasan pentadbiran MBSJ dan pentadbiran teres di kawasan pentadbiran MBSJ yang dibenarkan untuk dibenarkan, "katanya dalam satu kenyataan pada Selasa.

Di bawah teras, tertera senarai lokasi-lokasi yang dibenarkan untuk menerima sampah pukat percuma.

Bring back practice of Rule 5, say city folk

It can help address or minimise concerns over development

Tan Sri Dr Ismail, Residents Association chairman Abdul Hafiz Abu Bakar showing a copy of DBKL's proposed to change an residential land status - Flapig

BY YUENTHIAN
 KUALA LUMPUR City Hall (DBKL) has been urged to consider holding public objection hearings — a practice for under Rule 5 of a by-law in the Federal Territory Planning Act 1982 — to give stakeholders an avenue to raise concerns and ask for more information on proposed developments in the capital.

KLRA president Abdul Hafiz Abu Bakar said that the practice of Rule 5 was not just a procedural necessity.

“This Federal Territory Planning Act 1982 is a legacy of the Federal Government, which public participation was not only required for the proposed project construction of the plan.

“Rule 5 is a provision of law that requires all major projects in the region to be subject to a public hearing to give stakeholders an avenue to raise concerns and ask for more information on proposed developments in the capital.

“Without the practice of Rule 5, property owners may be unaware of a new development project on their surrounding land.

“New Kuala Lumpur (NewKL) is a new government development, involving a large-scale project in the city that will change the way we live and work in the city.

“A large portion of the population might not have had the chance to voice their views or know how to go about getting the relevant information and comparison.

“Rule 5 is important. There will be a greater possibility of people coming to know of potential developments, and give their input. These concerns can then be addressed or mitigated.”

“At the same time, it will also ensure that those who wanted to have their voices heard will have a chance to be heard.

“The KLCP 2020 that amendment before it was gazetted in 2018.

“It was a hearing for the people to voice their views on the proposed project of the city plan. It was a hearing for the people to voice their views on the proposed project of the city plan. It was a hearing for the people to voice their views on the proposed project of the city plan.

Public hearing session with stakeholders to comment on a proposed development.

Kilnes want Rule 5 improved
 Residents Association chairman Abdul Hafiz Abu Bakar said that the practice of Rule 5 was not just a procedural necessity.

“This Federal Territory Planning Act 1982 is a legacy of the Federal Government, which public participation was not only required for the proposed project construction of the plan.

“Rule 5 is a provision of law that requires all major projects in the region to be subject to a public hearing to give stakeholders an avenue to raise concerns and ask for more information on proposed developments in the capital.

“Without the practice of Rule 5, property owners may be unaware of a new development project on their surrounding land.

“New Kuala Lumpur (NewKL) is a new government development, involving a large-scale project in the city that will change the way we live and work in the city.

“A large portion of the population might not have had the chance to voice their views or know how to go about getting the relevant information and comparison.

“Rule 5 is important. There will be a greater possibility of people coming to know of potential developments, and give their input. These concerns can then be addressed or mitigated.”

“At the same time, it will also ensure that those who wanted to have their voices heard will have a chance to be heard.

“The KLCP 2020 that amendment before it was gazetted in 2018.

“It was a hearing for the people to voice their views on the proposed project of the city plan. It was a hearing for the people to voice their views on the proposed project of the city plan.

Look to neighbouring city
 DBKL is looking to learn from other cities, especially concerning applications for developments under various of the various changes in the city plan has been gazetted.

“The hearing for the people to voice their views on the proposed project of the city plan. It was a hearing for the people to voice their views on the proposed project of the city plan.

“The KLCP 2020 was gazetted with at least 200 days involving increased public consultation for the people to voice their views on the proposed project of the city plan.

“There are objections, a committee will look into the objections and the developer to address all their concerns with relevant documents.”

“The MPP and committees will then proceed the discussion at the One Stop Centre meeting for the public to voice their views on the proposed project of the city plan.

“The city plan has been gazetted in 2018, but in order to provide transparency with the proceedings, it is vital to engage with those who will be affected by it and give them their voice in the public hearing.”

“DBKL has yet to comment on the matter at press time.”

Holding the helm

Skipper Norma Nordin aims to help build character and good values in the youth that she trains through the sea scouts programme.

By ANNIE TEOH
 @annie.teoh@theonion.com.my

THEY may only be "kids", but they're out in front with the boys. Blue heads over the skipper Norma Nordin and her crew of teenagers between the ages of 14 to 17. Norma is a skipper of sea scouts, and not only is she the first Malaysian female skipper to have participated in the Raja Muda Selangor International Regatta, but last year she was the only one with an entire crew of teens.

"It's an overnight sail. We're given 24 hours to reach each destination and there is a point system, the first to reach in our class wins," says Norma, explaining that the regatta consists of three passage races: Port Klang to Langkawi, Penang to Penang, Penang to Langkawi. They sail 400km in total, and have three days of harbour racing around the Islands of Penang and Langkawi. As all the other teams comprised adult crews, nobody really saw them as big competitors, shares Norma.

But they were third place overall. They also won first place (Class E) in the Penang Harbour Race and second place (Class E) in the Penang to Langkawi Passage Race, the same year.

"It is naturally something she is proud of. 'Sailing in such an event is extremely difficult because of safety. Storms and huge waves are normal,'" says Norma, 36. "One advantage the children have over the adult competitors, in their sea scout training. They're trained in navigation and good at sailing in storms with very low visibility because they don't just look around for buoy markers (which can't be seen in the storm), but they actually read the sailing instructions, practice what they've learnt in sea navigation, and make accurate mathematical calculations on direction, speed, timing," she explains.

► TURN TO PAGE 3

Photo: KK SHAM/The Star

Charting her course

► FROM PAGE 1

An interest in the sea

Norma who has been sailing since she was 10, became a scout when she was 13 and received her King's Scout award in 2002 at the age of 17.

Her late father Hussein Baharuddin, was a member of the KNYC. He had a motor yacht and used to take the family out on his boat for a cruise on weekends, and Norma recalls her interest in sailing started from that time. Her mother also encouraged her to pursue her dream.

"When I'm out sailing on a boat at sea, I feel humbled and grateful. The sea gently only impacts life because it moves you when you're back on land," she says.

"I love sailing because it connects me to mother nature, makes me agile and fit, and it's a great activity that connects people on board a boat," she adds.

Norma first got into the world of sea scouting when her mentor, the Eric Khoo Hong Fong, the second Malaysian to be elected into the World Scout Committee, introduced her to the World Organisation of the Scouting Movement (WOSM).

She is now a volunteer consultant there, and also is the historic Melaka sea scout troop which started in 1938.

All have the same purpose of building good character through the outdoors, whether it's land, sea or air. In cases of emergency, scouts are usually the first to step up to help, explains Norma.

She has been carrying out the sea scouting programme since 2009. She manages two open troops: Sea 20 (Bukit Lumpur) and 7th Fort (Melaka).

"When I train the sea scouts in sailing, they all get an opportunity to rotate in their roles - whether as navigator, lookout, skipper, operator, or others and this can relate to life."

"A skipper is one who multi-tasks, sees the bigger picture and leads - such as a class monitor or CEO. Lookout is one who finds problems or mistakes on that they can be solved or corrected - such as an auditor or editor. Navigators are advisors who show the best course of action based on data. Operators are the managers who run the boat or company," she declares.

In a regatta, her job as skipper includes allocating the tasks and every person on board, not an easy task for an adult crew, and even more challenging for a crew of kids. Kids don't have the attention span to last the entire sail so they take turns being on deck. Also, if anyone falls aboard, it's

impossible to hear them and you wouldn't know until you get to the destination, so it's very high risk. As skipper, you must have 100% awareness to know where each crew member is at every point of time, and handouts every few minutes," she says, adding that they gain lots of life lessons from sailing and being a sea scout.

A skipper is defined as a "master of a boat" and that's essentially what Norma, who owns her own boat named 'Rangga', which means the centre of the universe in Indonesian), is. She is also currently pursuing her Inshore Skipper Certification (ISSA), another phase in her sail training to be a better educator.

Passing on her knowledge

Norma is passionate about imparting her knowledge and nurturing young sea scouts as she finds it is possible among adults, the young scouts will use for the rest of their lives.

She recalls a moment during the regatta when a crew member on another boat had a heart attack.

"Sea scouts are trained in radio communications. So when we heard the distress signal, we got the child on radio duty to send a message via their WhatsApp group to one of the parents (on land) who is a doctor, and they immediately arranged for an ambulance which was really well-waiting when the other boat docked," Norma relates. "Unfortunately the person didn't make it, I'm proud of the scouts because they acted promptly and did what they could to help," she says.

The regatta is a good experience for the sea scout because they get to read maps, navigate, communicate on the radio, and work together as a team.

"There's also just in a situation where they can't give up halfway because they must get to the destination whatever it takes," she says.

She admits that running open troops (as opposed to school troops) can be more challenging because there isn't a fixed yearly intake of a specific number of children from the schools that she can recruit.

"It's based on word-of-mouth and parental consent and we usually liaise with each individual parent, so they must have confidence in our organisation, activities and so on before they will enroll their children," she says. "But this can be an advantage because it ensures the quality of the scouts provided to the children who want to become sea scouts."

She adds that there aren't any pre-requirements to become a sea scout, but their training is primarily focused on helping the child achieve their sea scouting awards - including King's Scout Award, Baden Powell Award,

Norma Nordin with her crew on Rangga. - KK SHAM/The Star

and Duke of Edinburgh Award - which involve a combination of many skills that they get badges for.

"We'll spot out everything, which badge they need to work on first, all the way to the end. To help manage the child's expectations. Then, the child can make an informed decision of how and whether to proceed," she says.

Not all the activities are on water as they also carry the regular scouting syllabus which includes camping and hiking - "some of it is on land too."

"The children don't even need to be familiar with swimming or water activities, although they will have the opportunity to learn in the course of their sea scouting," says Norma.

The activities are based on demand and categorised into the five disciplines of sea scouting: naval traditions, seamanship, water recreation, navigation and lifelines. Although in-person activities weren't possible during the MCO, they've held several online webinars for the children during this time.

During the recovery MCO when interstate travel was allowed, they resumed activities, with first SOPs, including a week-long Sea Topi on-star kayak certification at Fort Dickson. There were 25 sea scouts who required this certification for their Duke of Edinburgh Award.

All about sports
 But all this is "just recreation" to her, she says. Norma holds a full-time job, running two enterprises: the first being web development and graphic design and the second, yacht servicing.

She has also been previously employed in "investigative jobs", including private investigator and marine surveyor, and has a medical licensure degree from Monash University.

Her future plans include starting a sailing school with the ISSA (International Sailing School Association) syllabus as there is currently none in Malaysia that offers this yet.

Malaysia. She is also currently studying law.

When asked how she finds the time to do all these activities besides running two companies, she laughingly says, "You don't, you just enjoy one."

Norma shares that she strongly believes in agile methodologies, a project management method where the project is broken into several phases, and goes through cycles of planning, execution and evaluation, and includes engaging with stakeholders at each stage.

"Life is a matter of stages. Keep them short, targeted and make it count. After that, take a rest, then repeat," she says.

It's important to invest small spillovers of energy, working on different parts of the project in achievable amounts, with rest in between, until the whole thing is done, rather than trying to run an endurance marathon all the way till the end without a break and then get burnt out, she explains.

"Just during that rest, do your recreation and you'll find your energy for the next sprint," she says.

Of course, Norma is on a calculated work and recreation schedule.

"It's also important to take a few steps back to look at the big picture and evaluate and adjust if necessary," she concludes.

Despite her busy schedule, Norma also finds time to engage in adult gymnastics and Capoeira (Brazilian martial art).

MBSA: Illegal stalls in Setia Alam seized due to complaints

SHAH Alam City Council (MBSA) had defended the actions of its enforcement officers who seized several stalls set up by illegal traders in Setia Alam earlier this month after a video of the operation went viral.

The video uploaded online on April 20, believed to be taken by one of the traders whose stall was seized by the council, garnered more than 100,000 views, with some claiming the action as being high-handed.

MBSA corporate and public relations head Shahrin Ahmad, in a statement, said the council acted on the illegal traders operating at Jalan Setia Gemilang BG U13/BG, Section U13, Shah Alam following complaints by Ramadan bazaar traders along Jalan Setia Perdana BB U13/BB, Setia Alam.

"The council had allocated space along Jalan Setia Perdana BB U13/BB for the Ramadan bazaar traders.

"However, there are a handful of illegal traders operating just outside the bazaar area.

"Ramadan bazaar traders felt it was unfair to them as they had to pay for the permit while the illegal traders did not.

"Having all the bazaar traders in specific locations is also to ensure strict compliance with Covid-19 standard operating procedures," he said.

Shahrin added that MBSA had also offered incentives to Ramadan bazaar traders who registered with the council this year.

"For example, an RM50 subsidy was given to traders who had successfully applied for a permit to do business at the Ramadan bazaar.

"We had also given a two-month exemption on the night market and morning market licence fee at the start of the movement control order," he explained.

To date, 1,476 Ramadan bazaar permits have been given to traders operating under MBSA's jurisdiction. — **By JAROD LIM**

Obscure info hinders revival of Sg Buloh flats project

By FARID WAHAB
 faridwahab@thestar.com.my

OBSCURE details surrounding the status of the site in Kampung Masjid, Sungai Buloh, that was earmarked for the development of low-cost flats, is proving an obstacle to the resumption of the now stalled project.

Adding to this difficulty is the unknown whereabouts of the developer, despite various attempts by the Selangor Housing and Property Board (LPHS) to get their feedback on the matter.

Selangor housing, urban well-being and entrepreneur development committee chairman Rodziah Ismail said the site in question was transferred by the developer to an individual on July 23, 2012, before being transferred to a company on March 28, 2016.

Rodziah, who is also Batu Tiga assemblyman, said the stalled project could not be resumed until the site was transferred back to the developer.

She said a meeting involving LPHS, Shah Alam City Council and Petaling District Office chaired by then state housing and urban well-being executive council member Haniza Mohamed Talha on Oct 22, 2019, had proposed several things.

"Among them was the resumption of the project after resolution of the site ownership issue and refunding the buyers.

"The developer should also replace the construction of the project on another land that it owned," she said in a statement in response to a *StarMetro* report on April 21.

The report highlighted the woes of some 70 families who vacated the site in 2005

to make way for the construction of an 11-storey flats that would replace their old homes.

This was part of the then state government's efforts to eradicate squatter settlements.

Rodziah said a court had on Aug 11, 2009 ordered the developer to wind up and a liquidator was appointed to handle the matter.

She did not clarify if the developer still existed.

In a record found on the state government's website, Paya Jaras assemblyman Mohd Khairuddin Othman — at the state assembly in April 2014 — had questioned how the ownership could be transferred without the liquidator's approval.

He had also asked if the state government would employ the National Land Code 1965 to cancel the transfer.

The written response to him stated that the transfer was done in accordance with the National Land Code.

It added that "Section 340 of the National Land Code protects all registered owners of real estate, in which the registration cannot be denied, with the exceptions of cases of fraud, forgery or where the title was acquired unlawfully.

"However, in reference to this transfer (of site ownership), such elements were not present and this section therefore does not apply."

But in the same sitting, Mohd Khairuddin had also been informed that the state government would try using the Land Acquisition Act 1960 to resolve the issue and safeguard buyers' interest.

'Get early input from stakeholders'

MPAJ's Local Plan 2035 should include our suggestions before public viewing, say residents

By **SHALINI RAVINDRAN**
 shaliniravindran@thestar.com.my

AMPANG Jaya residents are urging the local council to incorporate stakeholders' input into the draft Ampang Jaya Municipal Council Local Plan 2035 (RT MPAJ) before it is presented to the public.

They said this would allow for a more holistic and engaging approach in determining future development within the municipality.

Traditionally, the local plan is open for public viewing once the draft is prepared and only then are stakeholders invited to give their input and objections.

Taman Melawati Residents Association chairman Azhari Abd Taharim said there should be a focus group discussion with residents to determine what is needed in their respective areas.

"It would make better sense to get our input now so MPAJ can then incorporate our suggestions before the draft plan is done.

"Usually, only little changes can be made once the plan is ready and we can only voice our objections," said Azhari.

He added that a survey for the draft plan prepared by MPAJ earlier

Noina hopes the analysis of the respondents' input will be incorporated into the drafting of the plan.

this month was not detailed enough. "The survey was only open for a week, which was not enough time to get the word out.

"We commend MPAJ for having asked for early input, but this should be done properly with participation from a majority of the population," he said.

Noina Baharuddin, one of the coordinators of the community grouping called Ampang Jaya (AJ) Rimba Collective, said a recent campaign to empower residents to participate in the ongoing process for

Mohamad: Feedback from people of various socio-economic backgrounds will make for a comprehensive plan.

the RT MPAJ 2035 was successful. The campaign aimed to bring awareness about the plan itself, which would determine the type of developments that are being proposed in Ampang Jaya for the next 15 years.

"We made it easier for residents to highlight and suggest specific issues and concerns they had on our website (ajrimba.org) and send directly to MPAJ.

"As a first venture, we saw an encouraging 600 respondents within a two-month period," she said.

Most of the respondents showed concern towards issues such as slope management, development and infrastructure as well as preserving green areas and rivers.

Noina added that an analysis of the respondents' input was provided to MPAJ in the hopes that it would be incorporated into the drafting of the plan.

Some of the neighbourhoods that are part of the collective include Ukay Heights, Bukit Antarabangsa, Ukay Perdana, Taman Melawati and Kemensah.

However, residents from all over the municipality took part in the campaign.

MPAJ Zone 23 councillor Mohamad Samat said it was a continuous effort to gather feedback for RT MPAJ 2035.

"We need input from people of all levels of socio-economic backgrounds, because only then would it be a comprehensive plan," he said.

In June last year, MPAJ announced it would start a study on a new local plan and residents were invited to give their feedback.

The new RT MPAJ 2035 would replace RT MPAJ 2020, which was gazetted in 2011 and went through two amendments (in 2013 and 2016).

A sum of RM700,000 is being allocated to hire consultants and finance the cost of producing the plan, which will touch on land use, infrastructure, transportation, environmental conservation and tourism.

Some of the proposed changes include increasing the density from 60 to 80 people per 0.4ha for residential projects similar to Rumah Selangorku, as well as redevelopment projects.

Other proposals being looked into include rezoning residential lots in traditional villages into commercial lots in areas such as Kampung Baru Ampang, Kampung Pandan Dalam and Kampung Tasek Permai.

MPAJ hopes to have the plan ready by July 2021 and publish a draft to get the public's input.

However, MPAJ press relations officer Norhayati Ahmad said this had been pushed back to the end of this year because of the Covid-19 pandemic.

"Relevant public input that has been submitted to MPAJ will be taken into consideration during the preparation of the draft plan.

"After the draft plan is ready, the public still has a chance to scrutinise and give their views before it is gazetted," she said.

UEM Edgenta eyes Saudi healthcare support services, facility management markets

PETALING JAYA: UEM Edgenta Bhd has entered into a memorandum of business exploration (MoBE) with Asma Advanced Solutions LLC to identify strategies to capture healthcare support services and integrated facility management markets in Saudi Arabia.

Asma Advanced is jointly owned by Progressive Impact Corp Bhd and a Saudi closed joint stock company, Trade House Group Company.

The MoBE will pave the way for future collaborations to explore and identify potential opportunities with a view to commercially craft viable business ventures in Saudi Arabia.

Through the strategic partnership, the two parties will conduct joint discussions over the next eight months and leverage on the strengths of all parties to explore business opportunities.

"This marks more opportunities for us to further diversify our revenue stream as we explore new markets in Saudi Arabia. We are excited with the prospects as we gear up towards post-pandemic recovery

through our deep and varied Healthcare Support experiences.

"We are confident our partnership with Asma Advanced will propel further growth in our regional expansion strategy as we move towards realising our vision 'Edgenta of the Future 2025'," said UEM Edgenta managing director/CEO Syahrulnizam Samsudin.

Asma Advanced chairman Sheikh Abdul Wahab Nasser Al-Akeel said it aspires to be the provider of choice especially in the realm of health and environmental solutions.

"The MoBE will outline the collaboration where both parties shall be working closely, including engaging relevant stakeholders and understanding regulations and specific market requirements. It will also identify potential opportunities where UEM Edgenta can demonstrate and offer its solutions and capabilities with a view of establishing a commercial structure should the opportunity arise before the end of December 2021."

Sheikh Abdul Wahab (left) and Syahrulnizam signing the MoBE, witnessed by Senior Minister of International Trade & Industry Datuk Seri Mohamed Azmin Ali (standing, third from left).

KUALA LUMPUR, April 29 — The Kuala Lumpur City Hall (DBKL) is conducting an investigation into the outstanding water bills involving three blocks of the Sri Kelantan Public Housing (PA) in Sentul here, causing the residents to face water supply cut since Tuesday.

The City Hall in a statement today said the three housing blocks which were separately managed by a Joint Management Body (JMB) and DBKL, were using bulk water meters.

“However, DBKL has taken immediate action by settling the payment to Air Selangor to ensure that the residents in this PA continue to have water supply,” read the statement, adding that a meeting would be held with relevant parties to discuss the matter further.

DBKL is also looking into the possibility of implementing individual water metres to resolve the issue of arrears in the water bills, it added.

Yesterday, the media reported that the residents in the public housing allegedly face frequent water supply disruptions due to the outstanding water bill involving one of the blocks amounting to RM97,000, which was deemed unfair as the disruptions also affected residents in the other two blocks. — Bernama

SHAH ALAM, April 29 — Selangor Menteri Besar Datuk Seri Amirudin Shari will hold a meeting with the Selangor Security Council Committee tomorrow to review the implementation of the conditional movement control order (CMCO) in the state.

Selangor has recorded the highest number of new infections in the country for the past three days.

"Today is the third day in a row that the new Covid-19 case has reached four figures again. Tomorrow's meeting will raise the recommendations for the implementation of CMCO in Selangor to the National Security Council for the consideration of the Federal government," he said in a tweet today.

Of the 3,332 new cases reported today, Selangor recorded 1,083. It also recorded 1,019 cases on April 28 and 750 cases on April 27. — Bernama

加贈島水供 3大問題

梁德志：助爭取撥款解決

■海底水管位置不当,导致经常被船摩擦撞及,随时被撞破。

大水槽荒廢結構仍穩固

梁德志指出,针对大水槽荒廢一事,经过供水公司检查后,确认大水槽结构和地基依然稳固,惟水槽破损,因此必须进行维修,才能蓄水。
 他说,不过由于目前水压偏低,因此即使水槽可以使用,供水也上不去,唯有等到万津水管完成接驳后,水压增加,再商讨蓄水问题。
 “一旦有需要,我也会协助争取拨款,以便修理水槽。”
 他说,根据供水公司,该大水槽结构还是稳固,因此维修相信也不需要花费太大的费用。

■大水槽结构和地基稳固,惟水压问题而无法蓄水。

(巴生29日讯)吉胆岛水供问题一再引发诤议,班达马兰区州议员梁德志为了协助解决问题,“跨区”到吉胆岛勘察,并答应向州政府争取拨款,致力解决困扰该岛多年的3大水供问题!
 梁德志周三(28日)联同雪州水供管理公司官员和吉胆岛代表,一起乘船巡视,实地了解问题。
 吉胆岛隶属巴生海峡州选区,但该区州议员拿督阿都拉昔已随土著团结党退出希盟,成为雪州在野党议员。
 梁德志指出,身为执政党州议员,他有义务为大家解决问题,因此以半
 寄居多的吉胆岛,虽然不在其选区,但他仍义无反顾伸出援手。
海底水管移至岸上
 他说,该岛主要面对3大问题,即海底水管位置不当、水压偏低及大水槽荒廢。
 他说,针对海底水管问题,供水公司同意把巴生岛(Pulau Klang)河道中的水管,移至岸上,避免一再遭使用该水路的船只撞及。
 “不过,目前没有足够拨款进行有关工程,估计该岛范围约7至8公里的水管需要迁移,因此我会向州政府争取拨款,让工程可以展开。
 此外,针对水压问题,导致吉胆岛渔村港尾区一再断水,梁德志指出,供水公司一早已相关计划,即从万津再接驳水管至港口,以便“双管”齐下加大水压,让供水可以直达港尾区。
 “这工程原定今年初完工,但因微用国能地役时,耗费一段时间而拖延,如果没有意外,相信今年尾就可竣工。”
 针对目前港尾区的水供情况,大家协议交给当地社团组织与供水公司协商,以便决定是否进行配水,即让全岛不同地区,在特定时段轮流获得水供,让港尾区也可以有水可用。

◆2021年4月29日◆星期四

·巴生市議會常月會議· 市會主席：著手解決技術問題

4屋業計劃重啟興建

(巴生28日訊) 巴生市議會主席阿末法茲里指出，為確保巴生人民，尤其是面對工程擱置的購屋者居者有其屋，市議會已著手協助4項屋業發展計劃解決技術問題，以便重啟興建工程。

他說，巴生區內共49項擱置發展計劃中，當中21項涉及非法興建，另28項則為合法興建，絕大部分對擱置計劃皆為民宅發展項目，商業發展計劃僅占10%，即3至4個項目。

延誤施工近20年

“市議會早前成立了‘重組擱置屋業發展項目小組委員會’，旨在探討和復甦屋業發展項目，目前，委員會已召集4項屋業發展計劃的發展商及承包商，協助解決他們所面對的技術性問題，好讓有關項目取得入住証。”

他今日結束常月會議結束後，向媒體如是指出。陪同出席者包括巴生市議會副主席艾麗雅。

他說，獲得處理的發展項目，分別是2項來自中路兩雅花園和哥本路天堡公第35路，碍于發展計劃對技術性問題，導致工程延誤施工近20年。

“儘管如此，一些屋主已在6、7年前已入伙，因此市議會希望協助解決後續問題，好讓屋主能安居樂業。”

他補充，擱置工程也衍生各種民生問題，對購屋者和附近居民造成各種困擾，其中，一些發展項目先斬後奏，未提呈發展圖則便開始施工，最終導致巴生區內，出現高達21項非法興建項目。

巴生南區遮迪草場 易名“巴生市議會廣場”

巴生南區古迹區遮迪草場 (Padang Chetty) 即將易名為“巴生市議會廣場”，引發民眾爭議，為此，阿末法茲里稱命名的問題不大，將會為此進行討論并再作決定。

民主行動黨巴生市議員魏納仁在常月會議上指出，許多市民普遍認為，遮迪草場具有歷史價值和意義，不應隨意改名，更對市議會易名的做法提出疑問。

“市議會從未在任何的小組或會議上，談論（換場）易名一事，希望市議會能做出解釋，好讓我們可向社區市民交代。”

阿末法茲里較後接受媒體詢問時說，有關草場耗資230萬令吉推行，目前巴

邁入最後階段，預計5月8日全面竣工，至于草場命名一事，他認為問題不大，并會為此進行討論和決定。

另一方面，她提及，由于巴生武吉拉惹鎮會展中心計劃，因屋頂部分的建築工程受到延誤，才導致計劃工程比預期延遲17%；无论如何，他相信工程將在今年杪竣工，日後將成為各項活動的舉辦場地，成為巴生市區的新地標。

▲阿末法茲里（右）指稱，巴生市內共有49項廢置屋業發展計劃，其中21項涉及非法興建。左為艾麗雅。

罰單折扣優惠至9日

巴生市議會從即日起至5月9日展開交通罰單折扣優惠活動，惟不涵蓋涉及占用特別泊車位、殘障人士泊車位，以及阻礙交通和禁止駛入等罰單。

阿末法茲里說，經折扣的罰款最低為15令吉，最高僅為200令吉，民眾可善用優惠繳付罰單，採用線上繳付者可享有額外5令吉折扣，包括使用“JomPAY”（賬單號：84277）、市議會精明停車手機應用程式 (Smart Parking Mpklang)、市議會自助服務機 (i-Kiosk) 及市議會1 Pay (FPX)。

此外，市民除了可到巴生市議會的繳付櫃台外，也可前往武吉丁宜巨人霸級市場的市議會櫃台繳付罰款，抑或登入ipay.mpklang.gov.my/home/kompaun或市議會精明停車手機應用程式，查詢罰單詳情。

另一方面，阿末法茲里說，配合雪州政府提倡的“免現金社區”計劃，市議會將從5月1日起，關閉位於巴生港口巴士站及加埔鎮的市議會櫃台，屆時，民眾可前往中路大剎或武吉丁宜巨人霸級市場櫃台處理事務，或通過ipay.mpklang.gov.my及JomPAY進行線上交易。

▲巴生市議會已召開常月會議，商討并解決各項民生問題。

追蹤確診師生接觸者 雪大臣：鑑定是否社區篩檢

(沙亚南29日讯)雪州大臣拿督斯里阿米鲁丁指出，州政府将针对爆发冠病疫情而关闭的学校，追踪确诊者的行踪，以展开大型的筛检活动。

他说，州政府主要是确认确诊师生的行踪，如居住在哪个地区或到过哪个地方，以鉴定该区是否有多人确诊，若确诊人数多就会在该区展开社区筛检。

“我们要追踪确诊病患，揪出疑似病患进行隔离和筛检，州政府都定时在进行社区的筛检工作，而且学校最近的疫情确实令人担忧，如土拉央一所宗教学校爆发感染群，至少30名学生确诊。”

阿米鲁丁是昨晚出席在雪州大臣官邸举办的“雪州教育基金会50周年庆暨斋戒宴”，同时也为雪州基金会和私人机构、政府组织及非政府组织教育合作计划主持推介礼后，这么向记者指出。

关注居家学习情况

他说，州政府一直都很关注学生居家学习的情况，并做好准备，如早已设立线上教学平台，只是需要再扩大这些平台，让更多学生受惠。

“州政府已将人民补习中心搬到线上，让大马教育文凭的考生学习不

阿米鲁丁（中）为雪州基金会和私人机构、政府组织及非政府组织教育合作计划；左为艾迪，右是扎胡拉。

会被怠慢，同时早前所成立的Selangor Tutor平台，已吸引10万名学生参与。”

雪购疫苗最快6月获得

询及疫情对师生造成的焦虑情绪影响，阿米鲁丁指出，州政府有准备联系机制，确保学校师生获得关注，同时也会检讨现有的教育形式，尤其

是考试机制。

至于雪州购买疫苗一事，阿米鲁丁则披露有关疫苗最快可于6月获得，不过他不愿意披露购买哪一国疫苗。

他说，他目前已和科技部长凯里讨论，疫苗中心会率先设在梳邦或八打灵。

在场的包括雪州基金会主席扎胡拉、首席执行官艾迪及雪州资讯科技与数字经济机构首席执行官杨凯斌。

刘天球：执意公开发声 连接纪委会3“情书”

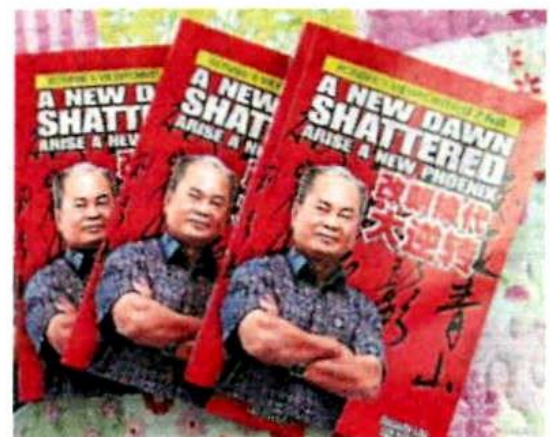

(八打灵再也 29 日讯) 民主行动党中委刘天球透露，他当初在希盟执政期间，由于执意公开发声，包括严厉批评前首相敦马哈迪医生，结果收到三封“情书”，即该党纪律委员会发出的警告信。

刘天球在面簿分享他出版的新书《改朝换代大逆转》及序言时说，其实他很早前就发觉前首相敦马哈迪医生图谋不轨，走回老路，但看在眼里，急在心里。

“我在党内提出异议不果，复在社交媒体与报章好言提醒，甚至直言批判，可惜得不到应有的回应。”

他说，由于执意公开发声，包括严厉批评马哈迪为纸老虎，坚持马哈迪依时交棒给公正党主席拿督斯里安华，结果一连串收到三封“情书”。

刘天球表示，不过，他也因此不

刘天球新书《改朝换代大逆转》。

幸被该党内的某些党员同志标签为不顾大局以及要当“个人英雄”，更因频频发声而误踩地雷，多次“受邀”到武吉阿曼警察总部“喝咖啡”。

他指出，他曾说过，任何人都可以不同意其观点，甚至反驳或批评，但不应阻止他发言。

“人民才是我的老板，马哈迪只是我的盟友；我既然全力支持马哈迪复出，还劝说大家给他机会，自然有义务监督及纠正他。”

邓章钦贴文吁党员 “放下争论选出好领导”

(吉隆坡 29 日讯) 急速冷却？

民主行动党柔佛州党选, 进入倒数阶段, 该党中委邓章钦在与柔佛州主席刘镇东杠上第 11 天后, 今天却贴文呼吁党员齐齐“放下争论, 选出好领导”。

邓章钦写到：这场党选, 各方都争论了。现在开始, 放下争论, 由党同志冷静去思考, 选出 15 位心目中最 好的领导, 既能赢下政权, 又能治理天下的队伍。

期间, 他也指, 无论成绩如何, 大家归队, 迎接下一场的大选。竞选再激烈, 争论再凶猛, 选后大家还是同志。

这也是他自 4 月 19 日贴文抨击刘镇东后, 呼吁党员“放下

邓章钦

争论”, 及选后归队迎接大选。

值得一提的是, 同一天较早前, 他才留言抨击刘镇东“把自己的胜利放在党利益至上的态度是可耻的。”

他贴出刘镇东的贴文, 并写到：本来不想再谈, 但忍无可忍。刘镇东的意思是说, 他输的话, 他跟团队会退

党, 造成党分裂！只有他胜利, 党才会团结, 别人胜利, 党就会分裂。这种把自己的胜利放在党利益至上的态度是可耻的。

他抨击指：“这种为了党选胜利, 恶意影射同志跟敌对党勾结的行为, 岂是一个高谈大局、大方向、大团结、服膺民主、公平竞争精神、具有大将之风的领袖所该有的态度？”
