PKPB di Klang sebelum ini terbatal

Kuala Lumpur: Prosedur operasi standard (SOP) Perintah Kawalan Pergerakan Bersyarat (PKPB) yang diumumkan khusus untuk mukim Klang sebelum ini, terbatal.

Menteri Kanan (Keselamatan), Datuk Seri Ismail Sabri Yaakob, berkata SOP itu terbatal berikutan pelaksanaan PKPB di Selangor, bermula semalam.

"Disebabkan kerajaan sudah mengumumkan PKPB di seluruh Selangor, maka SOP yang diumumkan untuk mukim Klang terbatal," katanya semalam.

Mukim Klang dikenakan PKPB lebih awal, iaitu bermula 9 Oktober lalu, susulan peningkatan kes COVID-19 di daerah berkenaan.

Mengenai solat Jumaat dan solat jemaah di masjid serta surau di Selangor, Kuala Lumpur serta Putrajaya yang dikenakan PKPB, Ismail Sabri berkata, hal itu akan dimaklumkan pihak berkuasa agama dalam masa terdekat.

Sementara itu, beliau memak-

lumkan, sehingga semalam, sebanyak 273 kertas siasatan berhubung berita palsu berkaitan COVID-19 dibuka Polis Diraja Malaysia (PDRM) dan Suruhanjaya Komunikasi dan Multimedia (SKMM).

Katanya, daripada jumlah itu, 136 kes masih dalam siasatan, 35

kes didakwa di mahkamah, 21 kes didapati bersalah, 13 kes dalam proses perbicaraan dan 12 kes diberikan notis amaran.

"Tindakan penguatkuasaan aktif juga sedang dijalankan pada masa ini, berdasarkan laporan awam yang diterima.

"Sebanyak 390 penafian dan penjelasan mengenai berita palsu diperjelas kepada orang ramai oleh Pasukan Respon Pantas (PRP), Kementerian Komunikasi dan Multimedia yang ditubuhkan bagi membantu membendung penyebaran berita palsu berkaitan COVID-19," katanya.

Ismail Sabri berkata, orang ramai mesti berhati-hati sebelum menyebarkan kandungan yang diragui kesahihannya dan sentiasa menyemak terlebih dahulu kesahihan berita daripada sumber yang rasmi atau boleh dipercayai.

"Perkara yang belum tentu sahih, jika kita turut sebarkan dan didapati tidak benar, anda juga boleh dikenakan tindakan.

"Jika ada berita yang diragui kesahihannya, anda boleh menyalurkan maklumat kepada PRP di talian 03-8911 5103 atau layari laman web www.sebenarnya.my untuk menyemak kesahihan berita itu," katanya.

Rakyat digesa elak pembelian panik

Kuala Lumpur: Rakyat diingatkan supaya mengelak pembelian panik, susulan pelaksanaan Perintah Kawalan Pergerakan Bersyarat (PKPB) di Kuala Lumpur, Selangor, Putrajaya dan Sabah.

Menteri Perdagangan Dalam Negeri dan Hal Ehwal Pengguna, Datuk Seri Alexander Nanta Linggi, berkata bekalan barangan terutama makanan dan keperluan utama dijamin mencukupi pada harga stabil serta munasabah.

Katanya, bekalan makanan tidak terputus ketika Perintah Kawalan Pergerakan (PKP) dilaksanakan di seluruh negara bermula pertengahan Mac lalu.

"Kita minta rakyat Malaysia bertenang dan tidak membuat pembelian panik. Kementerian mempunyai 2,269 anggota penguat kuasa di seluruh negara, yang sentiasa memantau dan memeriksa bagi memastikan bekalan makanan mencukupi."

"Semua pengilang, pengeluar, pemborong dan peruncit perlu memastikan stok bekalan mencukupi dalam menjamin permintaan pengguna. Atas dasar ini, beli apa yang perlu sahaja dan bukan didorong panik hingga menyimpan stok berlebihan," katanya dalam kenyataan di sini, semalam.

Jika pengguna mendapati ada peniaga yang tidak mematuhi undang-undang, mereka boleh menyalurkan aduan kepada KPDP-NHEP melalui portal e-aduan@kpdnhep.gov.my, menghubungi call centre di talian 1800 886 800 atau e-mel kepada e-aduan@kpdnhep.gov.my, katanya.

Aduan juga boleh disalurkan melalui aplikasi telefon pintar Ez ADU, dengan menghubungi enforcement command centre (ECC) di talian telefon 03-8882 6245 / 6088 atau talian telefon Malaysia Government Call Centre (MYGCC) di nombor 03-8000 8000 atau Whatsapp ke 019- 279 4317.

Sementara itu, Presiden Persatuan Pengungting Rambut Bumi-putera Malaysia (MBBA), TN Win-

da Mohd Tahir, meminta penjelasan daripada kerajaan sama kedai gunting di kawasan PKPB Selangor, Putrajaya, Kuala Lumpur dan Sabah dibenarkan operasi atau sebaliknya.

Beliau berkata, pihaknya masih tidak mendapat maklumat tepat sama ada boleh beroperasi atau tidak sepanjang PKPB itu.

"Kita ada menghubungi Majlis Keselamatan Negara (MKN) dan dimaklumkan perlu mendapatkan kebenaran pihak berkuasa tempatan (PBT)."

Sebelum ini, kami tidak perlu mendapatkan kebenaran daripada PBT dan maklumat MKN menyatakan semua perniagaan dan kegiatan ekonomi dibenarkan.

"Melalui maklumat melalui sidang media Menteri Kanan (Keselamatan), Datuk Seri Ismail Sabri Yaakub hanya dinyatakan aktiviti sosial dan perniagaan seperti bar dan kelab malam serta taman tema tidak dibenarkan beroperasi tidak termasuk kedai gunting rambut dan salon. Justeru, kami mahukan penjelasan lanjut mengenainya kerana ramai ahli kita masih kabur dan keliru dengan perkara ini," katanya kepada *BH*, semalam.

Sementara itu, Pengarah Jabatan Agama Islam Selangor (JAIS), Mohd Shahzihan Ahmad, berkata pihaknya menanggukkan solat Jumaat, solat lima waktu berjemaah dan aktiviti keagamaan lain di seluruh masjid serta surau di Selangor sepanjang tempoh PKPB di Selangor, mulai semalam hingga 27 Oktober ini.

"Penangguhan ini akan membatik 425 masjid, 278 surau kebenaan solat Jumaat dan 1,747 surau. Tindakan penangguhan ini dibuat selaras dengan penguatkuasaan PKPB di Selangor bagi mengesakan penularan kes COVID-19 yang membimbangkan daripada terus menular dalam kalangan masyarakat di Selangor."

Mohd Shahzihan berkata, pentadbir masjid dan surau seluruh Selangor juga diminta memastikan solat Jumaat tidak dilaksanakan sepanjang penangguhan ini, sebaliknya digantikan dengan solat Zuhur di kediaman masing-masing, manakala solat fardu berjemaah lima waktu hendaklah dilaksanakan dengan had bilangan jemaah tidak melebihi tiga orang sahaja, manakala azan hendaklah dikumandangkan pada setiap waktu.

"Aktiviti pengimarahannya seperti kuliah Maghrib, kuliah Subuh dan kuliah Duha serta aktiviti agama lain juga hendaklah ditangguhkan buat sementara, berkuat kuasa pada waktu Subuh hari ini (semalam)," katanya.

LUAS berjaya sekat tumpahan minyak

Kuala Selangor: Sebuah lori konkrit terbabas sebelum memasuki parit yang mengalir ke Sungai Selangor di Jalan Kolam KL-Larut, Bestari Jaya, semalam.

Kemalangan kira-kira jam 10 pagi itu, turut menyebabkan berlaku tumpahan minyak dari kenderaan berat terbabit.

Lembaga Urus Air Selangor (LUAS) berkata, pihaknya bertindak pantas dengan meletakkan lapan 'oil boom' dan 10 'absorbent pad' di aliran air di lokasi kemalangan hingga minyak berjaya diperangkap.

"Tindakan itu bagi menghalang tumpahan (minyak) dari

lori mengalir ke Sungai Selangor.

"Kerja pembersihan dan pengalihan dilakukan syarikat lori konkrit terbabit," katanya menerusi pengumuman di Facebook, semalam.

Menurut LUAS, pihaknya melakukan persampelan di lokasi kemalangan dan selepas lokasi kemalangan.

Katanya, Pengurusan Air Selangor Sdn Bhd (Air Selangor), Jabatan Alam Sekitar (JAS) Selangor dan Majlis Daerah Kuala Selangor (MDKS) turut membantu menjalankan pemantauan dan siasatan bagi menangani insiden berkenaan agar tiada

"LUAS akan meneruskan pemantauan dari masa ke semasa sehingga kerja pembersihan dan kerja menyedut minyak selesai di alur air itu.

"Sehingga jam 3.40 petang, kerja-kerja pengalihan lori se-

lesai dan kerja-kerja (pembersihan dan menyedut minyak) masih diteruskan" katanya.

Katanya, tindakan itu terbahit berjaya mengelak daripada henti tugas Loji Rawatan Air (LRA) dan gangguan bekalan air kepada pengguna.

Batalkan penyahwartaan hutan simpan

SAUDARA PENGARANG,

CADANGAN kerajaan negeri Selangor untuk melakukan penyahwartaan Hutan Simpan Kuala Langat Utara (HSKLU) akan membebaskan 5.5 juta tan karbon dioksida yang menyumbang kepada krisis iklim.

Ketika ini, HSKLU bertindak sebagai penapis untuk udara tercemar yang ditiup angin barat daya (Mei-September) setiap tahun dari pusat perindustrian di barat HSKLU ke arah Lembah Klang. Tanpa HSKLU, udara tercemar akan sampai kepada penduduk Lembah Klang dan meningkatkan masalah kesihatan.

Kebanyakan rakyat Selangor yang tidak mampu ke hospital swasta akan berpusu-pusu ke hospital kerajaan. Dalam jangka masa pendek, ini akan memberikan tekanan terhadap infrastruktur kesihatan awam serta menurunkan produktiviti negeri.

Dalam pada itu, terdapat kemusykilan cadangan kerajaan Selangor mengenai lokasi di Sabak Bernam yang bertujuan menggantikan hutan simpan berkenaan.

Ini berikutan Kementerian Tenaga, Sains, Teknologi, Alam Sekitar dan Perubahan Iklim sebelum ini mengeluarkan surat kebenaran pada 11 Disember 2019 yang membenarkan pembukaan ladang kelapa sawit di kawasan sama.

Selain itu, tidak wujud keperluan pembangunan bercampur di tapak HSKLU kerana berdasarkan Pusat Maklumat Harta Tanah Negara (NAPIC), Selangor dan Kuala Lumpur memiliki 30 peratus daripada jumlah

rumah yang tidak terjual di Malaysia pada 2019.

Sementara itu, ruang pejabat tanpa penghuni ialah 23.5 peratus pada tahun sama. Kadar ini dijangka meningkat dengan budaya kerja dari rumah dan pembinaan bangunan pencakar langit baharu di Kuala Lumpur.

Berdasarkan statistik Jabatan Perangkaan, kadar pertumbuhan penduduk di Selangor pada 2019 hanya kira-kira 0.8 peratus. Oleh itu, kerajaan negeri perlu membatalkan pembangunan bercampur di tapak HSKLU dan mewartakannya sebagai hutan adat Orang Asli Temuan.

RM3.3 bilion nilai pelaburan dilulus setakat 30 Jun lalu

Oleh Rosyahaida Abdullah

Kuala Lumpur

Pelaburan langsung asing (FDI) berjumlah sekurang-kurangnya RM8 bilion yang dijangka direkodkan negeri Selangor pada tahun ini masih baik meskipun ia mungkin susut sehingga separuh berbanding angka 2019.

Pengerusi Jawatankuasa Tetap Pelaburan, Industri & Perdagangan dan Perusahaan Kecil & Sederhana (PKS) Selangor, Datuk Teng Chang Khim berkata, berdasarkan laporan Lembaga Pembangunan Pelaburan Malaysia (Mida) yang diperolehnya dua hari lalu, sejumlah RM3.3 bilion nilai pelaburan sudah diluluskan untuk negeri itu setakat 30 Jun lalu bagi tahun ini.

Mengakui angka terbabit lebih rendah berbanding sasaran, Teng bagaimanapun menyifatkan ia sebagai cukup memuaskan dengan mengambil kira situasi pandemik Covid-19 yang membawa kepada pelaksanaan pelbagai peringkat Perintah Kawalan Pergerakan (PKP)

TENG pada pelancaran Selangor International Business Summit yang dilakukan secara maya.

RM5b

Pelaburan masih dalam proses mendapatkan kelulusan

dalam tempoh berbulan lamanya.

"Pada 2018 kita (Selangor) merekodkan FDI bernilai RM18.9 bilion, angka tertinggi dicatatkan dalam tempoh lima tahun diikuti tahun lalu kedua tertinggi iaitu RM17 bilion.

"Untuk tahun ini, kita mempunyai kira-kira RM5

bilion lagi pelaburan yang masih dalam proses mendapatkan kelulusan dan tentunya kita percaya kesemuanya akan diluluskan menjelang akhir tahun ini.

"Jika ini berlaku, sekurang-kurangnya RM8 bilion nilai FDI akan direkodkan di Selangor di mana saya fikir sudah cukup bertuah untuk kami mencatatkan jumlah ini apabila melihat bagaimana Covid-19 dan pelaksanaan PKP memberi impak kepada ekonomi seluruh dunia sejak awal tahun ini," katanya pada sidang media yang diadakan secara maya

sempena pelancaran Selangor International Business Summit, semalam.

Mengulas mengenai Belanjawan 2021 untuk pemulihan ekonomi, Teng berpendapat perlunya pakej rangsangan ditambah baik susulan pelaksanaan Perintah Kawalan Pergerakan Bersyarat (PKPB) di Kuala Lumpur, Selangor dan Putrajaya bermula semalam.

"Selangor menyumbang 24.3 peratus kepada Keluaran Dalam Negara Kasar (KDNK) pada tahun lalu, diikuti Kuala Lumpur sebanyak 16 peratus," katanya.

SOP mukim Klang terbatal susulan PKPB di Selangor

KUALA LUMPUR - Susulan pelaksanaan Perintah Kawalan Pergerakan Bersyarat (PKPB) di seluruh negeri Selangor berkuat kuasa semalam, prosedur operasi standard (SOP) PKPB di mukim Klang yang diumumkan sebelum ini adalah terbatal.

Menteri Kanan (Keselamatan), Datuk Seri Ismail Sabri Yaakob berkata, oleh kerana kerajaan telah mengumumkan PKPB seluruh Selangor dan Klang termasuk dalam Selangor, maka SOP yang diumumkan untuk mukim Klang secara automatik adalah terbatal.

“Oleh itu, SOP PKPB seluruh Selangor terpakai juga bagi mukim Klang,” katanya pada sidang akhbar secara maya menerusi Facebook Kementerian Pertahanan semalam.

Mengenai penyebaran berita palsu berkaitan Covid-19, beliau berkata, setakat semalam, sebanyak 273 kertas siasatan telah dibuka oleh Polis Diraja Malaysia (PDRM) serta Suruhanjaya Komunikasi dan Multimedia Malaysia (MCMC).

Beliau berkata, sebanyak 136 kes masih dalam siasatan, 35 kes telah didakwa di mahkamah, 21 didapati bersalah, 13 dalam proses perbicaraan dan 12 diberikan notis amaran.

Gangguan bekalan air di Sabak Bernam hari ini

SABAK BERNAM - Empat kawasan di Sabak Bernam dijangka mengalami gangguan bekalan air berjadual selama lapan jam hari ini.

Kenyataan melalui aplikasi Air Selangor memaklumkan, gangguan itu berpunca daripada kerja-kerja pencucian paip agihan di Sekendi, Tebuk Pulau, Batu 39 dan Baḡan Nakhoda Omar.

Menurut kenyataan itu, kawasan

terjejas ialah di Lorong Masjid, Jalan Haji Othman, Jalan Haji Anuar dan Jalan PPRT Haji Arshad.

“Penutupan bekalan air bermula jam 9.30 pagi, Khamis (hari ini) dan dijangka dibuka semula pada jam 5.30 petang hari sama,” kata kenyataan itu.

Katanya, penduduk di kawasan terlibat dinasihatkan menyimpan bekalan air secukupnya sepanjang tempoh gangguan.

KUALA SELANGOR - Lembaga Urus Air Selangor (LUAS) mengambil tindakan pantas memasang *oil-boom* dan *absorben pad* bagi menghalang tumpahan minyak dari mengalir ke Sungai Selangor berikutan kejadian lori konkrit terbabas memasuki kawasan alur Kolum KL-Larut di Bestari Jaya di sini pagi semalam.

LUAS yang memuat naik kenyataan di Facebook memaklumkan, aduan mengenai kejadian itu diterima pada jam 10 pagi dan kerja-kerja

pembersihan serta pengalihan lori telah dilakukan oleh syarikat lori terbabit.

"LUAS akan meneruskan pemantauan dari masa ke masa sehingga kerja-kerja pembersihan di alur air tersebut selesai.

"Setakat jam 3.40 petang tadi (semalam), kerja-kerja pengalihan lori konkrit tersebut telah selesai namun kerja-kerja pembersihan dan proses menyedut minyak masih dijalankan," kata kenyataan itu.

Kenyataan itu memberitahu, persampelan telah di-

Clarity on travel restrictions needed

Many commuters still confused on where they can and cannot go

By MARTIN CARVALHO
 mart3@thestar.com.my

PETALING JAYA: Inter-district and interstate travel restrictions announced for the conditional movement control order (MCO) in Selangor, Kuala Lumpur and Putrajaya have left many people with questions.

Commuters asked whether they were allowed to travel within the conditional MCO zones, and on the status of interstate passengers travelling in and out of the affected areas.

The National Security Council (MKN) stated that travelling inter-district and interstate would be allowed for work purposes only.

They would have to show proof with their employers' authorisation letter and work pass.

Police permit is required for interstate travel only for the purpose of medical emergencies, death and flying out of the three airports in the Klang Valley, namely Kuala Lumpur International Airport (KLIA), KLIA2 and the Sultan Abdul Aziz Shah Airport in Subang.

Prasarana Malaysia Bhd media affairs head Azhar Ghazali said there had yet to be specific instructions to check passengers for employers' letters when using RapidKL services to travel within the zones.

"The start of the conditional MCO did not affect the use of our services that much.

"Our service and frequency of rides are running as per normal," he said.

On travel within the conditional MCO zones, Azhar said it was permitted for work and there was no need for police consent to do so.

"For example, if you live in Banting but work in Putrajaya, there is no need to get

police consent.

"Inter-district travel is allowed," he added. Pan Malaysia Bus Operators Association president Datuk Mohamad Ashfar Ali said although express and stage buses were free to operate, they and their passengers were bound by standard operating procedures.

"For example, passengers on interstate express buses leaving, coming into or passing through the said zones must apply for permission from the police before travelling," he said yesterday.

As for stage buses within the affected conditional MCO zones, he said passengers only

need to show a letter from their employers.

On Monday, Transport Minister Datuk Seri Dr Wee Ka Siong said all land (including buses, city buses, taxi and e-hailing services), air and sea (except for cruise ships/holiday cruise ships) public transportation services were allowed to operate as usual provided they strictly complied with the SOP set by MKN.

Selangor, Kuala Lumpur and Putrajaya have been placed under conditional MCO for 14 days from Oct 14 to Oct 27 following a recent spike in Covid-19 cases.

A spokesman from Keretapi Tanah Melayu

Berhad (KTMB) said passengers were allowed to travel by train both inter-district and interstate subject to the conditions announced by the authorities.

"If they are travelling from one district to another under the conditional MCO for work, then they will have to get a letter from their employer.

"Those travelling interstate to and from the affected districts must get police consent," he said.

He said displays had been put up at KTMB stations to remind passengers of this.

However, he added that KTMB did not have the power to check passengers for the required documents to travel.

"Passengers will have to produce their letters if the police come aboard to check," the spokesperson added.

PLUS Malaysia Bhd Corporate, Community and Public Engagement head Syed Mohamed Iddid said there was no spike in traffic volume along the highways following the enforcement of the conditional MCO.

"Traffic is calm and there was no exodus from the districts under the order," he said.

He added that police had set up roadblocks at nine critical toll plazas on PLUS highways namely Jalan Duta, Setia Alam, Shah Alam, Putra Mahkota, Sungai Buaya, Bukit Tagar, Bukit Beruntung, Lembah Beringin and Seafield.

MPK to use wooden piles in reinforcing drains behind houses

By EDWARD RAJENDRA
 edward@thestar.com.my

WOODEN piles can be used as temporary reinforcement behind 18 houses at Lintang Besi in Taman Melawis, Klang where an eroded earth drain caused cracks to house walls and water seepage.

Klang Municipal Council (MPK) Engineering Department (road and bridges section) engineer Azman Wahid said it was a practical solution as an immediate short-term remedial measure while the council waited for the required approval and budget to build a concrete U-drain.

"Verification of the status of the strip of land behind the houses will take weeks while the project approval and budget will take months," he said.

Azman added that if there were no hitches in the land status, the project could be slated for middle of next year.

On Oct 5, *StarMetro* reported

that homeowners urged the council to upgrade the earth drain to a concrete U-drain, to overcome erosion behind their houses.

Complaints of erosion were lodged with MPK numerous times since the mid-1980s as homeowners had noticed that the original one-metre width of the earth drain had widened to 1.5m.

In 2004, residents in the area brought up the issue to MPK as the earth drain widened to a width of 3.5m.

The technical team installed a double stack of old motorcycle tyres to have the soil retained on-site and address the erosion but it was unsuccessful.

On Wednesday, Azman and two council assistant engineers Shaharin Jamali and Azary Adnan visited the site to get a first-hand understanding of the eroded earth drain.

Resident Ungku Aris Abdul Masjid, 73, said the gradual erosion of the earth drain affected the

Azman (right) explaining to resident Serjeet Singh that the land status needs to be determined before the concrete drain behind the houses can be rebuilt.

houses, with cracks that allowed water to seep into the back portion of their properties during floods.

"Our houses were built in 1969 with a scupper drain at the back, but it is now broken while some stretches are covered with earth.

"Surface run-off and water from the houses flow into the

earth drain.

"It has been like this for decades," he said.

Another resident, Darshan Kaur, 60, said the gradual erosion had caused cracks in her car porch.

"Worse still, water seeps into the living room through cracks along the wall's skirting during rain.

"I have topped up the soil on the

side of my house many times but water still rises up to the ankles along the outer wall," she said.

Resident Hazril Abdul Rahman, 50, said MPK's suggestion to use wooden piles was practical to lessen the ongoing erosion to some extent as it would take time for the concrete U-drain project to start.

AMM calls for consistency

Enforce targeted enhanced MCO here like in Sabah, says academy

By MING YEW CHOONG
 ycmeng@thestar.com.my

PETALING JAYA: The Academy of Medicine of Malaysia (AMM) has urged the government to enforce a targeted enhanced movement control order (MCO) in Kuala Lumpur, Putrajaya and Selangor rather than a statewide conditional MCO.

As of Oct 12, two of the nine districts in Selangor were green zones, with six of them being yellow zones. Within those six yellow zone districts, 26 out of 41 subdistricts do not have any active Covid-19 cases.

"We recognise that as the economic centre of the country, the Klang Valley is densely populated, which makes it difficult to draw boundaries for enforcing a targeted enhanced MCO but the government must not jeopardise the livelihoods of Malaysians in Selangor's green zones," said AMM in a statement.

AMM, a registered body representing medical specialists in Malaysia, said the government should issue guidelines that were consistent.

"Certain red zones in Sabah have been under targeted enhanced MCO since Sept 28, while the same was enacted in Klang, Selangor on Oct 9.

"That same day, it was announced that weddings would be allowed in these areas on the condition that they comply with the standard operating procedure (SOP).

"This is counterproductive to the targeted enhanced MCO's aim of containing the spread of the virus.

"However, as of the Oct 12

Ensuring compliance: Police officers checking the registration and entry information of the public in Kuala Lumpur. — Bernama

announcement of a statewide conditional MCO, weddings are no longer allowed," said AMM.

"These guidelines must also be communicated clearly and in detail to the public to minimise confusion and ensure maximum compliance," said AMM, which also argued that all future MCOs must not prevent the public from enjoying outdoor activities.

"Outdoor activities are important for maintaining both mental and physical health during the pandemic. A global survey on Covid-19's impact on people's behaviour found that 44% of Malaysians felt their mental wellness declined, while 56% of Malaysians reported having done less physical activity during

the MCO period.

"The outdoors are relatively low-risk settings for virus spread and studies have found that natural environments are beneficial for one's mental health. Moreover, we must strike a balance between battling Covid-19 and non-communicable diseases, such as diabetes and hypertension, which are also prevalent in our population.

"Team sports can be put on hold but Malaysians must be given flexibility to maintain their mental and physical health by going outdoors," said AMM.

AMM, while acknowledging that the government has been trying to balance livelihoods with fighting a pandemic since businesses and

public life reopened in June, noted that the national unemployment rate reached a record high of 5.3% in May following the first MCO on March 18.

"This number went down to 4.9% the following month as the country transitioned into recovery MCO. This progress must not be undone with the reintroduction of the conditional MCO in the entire Klang Valley and Sabah.

"Despite the government's efforts to minimise economic impact by allowing many businesses to remain open, it is SMEs, low-income and vulnerable groups who have yet to recover from the first MCO that will likely be most affected," it said.

Klang to follow SOP applied in Selangor

PUTRAJAYA: The subdistrict of Klang will now observe the standard operating procedure applied for the entire state of Selangor, which has also come under conditional movement control order (MCO) effective yesterday.

Senior Minister Datuk Seri Ismail Sabri Yaakob said the earlier SOP for the subdistrict, which was placed under the conditional (MCO) on Oct 9, had been cancelled.

"The SOP for Selangor is now applied to those in the Klang subdistrict," he said.

Selangor, Kuala Lumpur and Putrajaya are under the conditional MCO until Oct 27.

Following that, the government provided a list of dos and don'ts for those residing in the three areas.

Ismail Sabri also said three individuals were arrested for refusing to be tested for Covid-19, adding that they were among 284 people detained on Tuesday for various violations of the recovery MCO.

"The majority of the offenders – 134 people – were booked for not

masking up while in crowded public areas.

"The police also arrested a driver for ferrying passengers above the permitted number," he said.

Ismail Sabri added that the task force monitoring SOP compliance would continue to check on businesses.

On another matter, he said 12,877 illegals had been arrested in Sabah since January and slightly less than half of them were still in various detention centres.

Presenting a report by the

enforcement authorities on undocumented foreigners in Sabah, Ismail Sabri said 5,204 who were currently being held in detention centres included 4,456 Philippine nationals, 618 Indonesians and 130 foreigners from other countries.

"We have sent 7,673 back to their respective countries," he said.

Food operators in PJ follow SOP strictly during conditional MCO

By GRACE CHEN
 gracechen@thestar.com.my

FOOD operators in SS2 in Petaling Jaya are ready to serve customers in a safe manner during the conditional movement control order (MCO).

This includes adhering to the standard operating procedures (SOP) during the two-week period, until Oct 27.

"Until noon on Tuesday, we were unsure if we could operate," said Beer Factory restaurant general manager Wong Yuen Heng.

"When it was announced that dining in was allowed, it was a big relief.

"Many food operators here checked with the local authorities as well following the announcement by Senior Minister Datuk Seri Ismail Sabri Yaakob that restaurants, food stalls, food trucks, kiosks, food courts, roadside hawkers, convenience and grocery stores can open for business from 6am to 10pm during the conditional MCO.

"We decided to stay open only after the local council and police

gave us the green light," said Yuen Heng.

Checks showed that food outlets had rearranged the layout in their premises to adhere to the SOP when allowing customers in.

At the SS2 Selera Malam food court, western food hawker Wong Kok Wai said he and other hawkers had marked some 100 tables here.

"We have identified seats and tables that can be occupied by customers.

"We have placed an 'X' using tape across tables and chairs to make it clear that no one can sit here," said Kok Wai.

Over at Medan Selera MBPJ, mixed rice stall operator Roslan Baharun said he had made sure there were enough tables and chairs set out for his lunchtime

customers.

"I do not have to put markings as my customers know what to do. The SOP is not new to them.

"When I reopened in May after the initial conditional MCO, it was already stipulated that physical distancing was a must and my regulars followed this strictly," said Roslan.

Durian seller Cheong Yaw Chay said for customers' comfort, tables to accommodate groups of four people in addition to tables for two had been set up.

"I have placed extra tables in between these, marked with an 'X'.

"This way, although a group of friends or family is seated at different tables, they are still close

enough to chat with each other," said Cheong.

SS2 resident Jack Neo, who was having lunch with two friends at the food court, said the food operators had taken efforts to ensure the safety of customers.

"The seating arrangements limit and distance diners and this is a must during this period," said Neo.

Cheong (left) has placed a table marked with an X in between tables to allow a group of four seated close enough to chat.

SELANGOR TRIMS 2020 FDI TARGET TO RM8.5B

State awaiting Mida approval for another RM5b worth of investments by year end

AYISY YUSOF
KUALA LUMPUR
 bt@nst.com.my

SELANGOR has lowered its foreign direct investment (FDI) target to RM8.5 billion for this year due to the weaker global sentiment brought about by the Covid-19 pandemic.

State executive councillor Datuk Teng Chang Khim said approved investments in Selangor stood at RM3.3 billion as at June 30.

Selangor had previously set an FDI target of RM12 billion in five main sectors, including electrical and electronics (E&E), food and beverages (F&B) and machinery.

“However, we have about RM5 billion worth of investments that we hope will be approved by the Malaysian Investment Development Authority (Mida) by year end,” he said at a virtual press

conference after officiating the Selangor International Business Summit 2020 yesterday.

Teng, who is also chairman of standing committees for investment, industry and commerce and small and medium enterprises, said the state government would be satisfied with FDI of RM8.5 billion this year.

“With the three months of Movement Control Order (MCO) in March and the Conditional MCO for the whole of Selangor now, we do not know what lies beyond for now. We have also not set our investment target for next year,” he said.

Selangor had recorded the

highest FDI in 2018 at RM18.9 billion, and RM17 billion last year.

On the reinstatement of CMCO in Kuala Lumpur, Selangor and Putrajaya from now to Oct 27, he said Malaysia’s gross domestic product might shrink to -4.4 per cent growth this year.

“Fortunately, all businesses and economic activities are still allowed under the CMCO. I hope this will minimise the impact on the economy.”

Teng said Selangor would focus on the E&E, transport equipment, F&B, life sciences and machinery and equipment segments this year.

Meanwhile, it expects to organise the International Aviation Show next year to promote the aerospace sector in the state.

“We believe the sector will pick up once all international borders are reopened.”

SIBS could see **RM60m** transactions by going digital

➤ Selangor International Business Summit expected to draw 284 exhibitors from 12 countries to inaugural virtual event this year, despite pandemic

■ BY **AMIR IMRAIN HUSAIN SAFRI**
sunbiz@thesundaily.com

PETALING JAYA: Selangor International Business Summit;s (SIBS) inaugural virtual edition is expected to see approximately RM60 million in transaction value this year, according to Selangor Investment, Industry, Commerce and Small and Medium Enterprises senior executive councilor Datuk Teng Chang Khim.

However, he outlined that this is not a hard target for the summit, given the uncertainties that have swamped the global economy due to the pandemic which resulted in a transition from a physical to a virtual exhibition.

In its previous iterations, SIBS has

seen the transactional value gathering strength from RM82 million in its first edition in 2015 to RM247.3 million recorded in the previous year.

“Given that we only had three months to pivot to a virtual summit, which is uncharted territory, there are no hard targets for this year’s edition though it is estimated to achieve roughly RM60 million, a third of the amount raised last year given that there was only a third of the time to prepare,” Teng explained to the media at a virtual press conference.

This year, SIBS has attracted 284 exhibitors from 12 countries to its virtual summit compared to over 500 exhibitors it attracted in the previous year but it also sees a larger buyer turnout of 70 from 24 different countries.

He stated these numbers are an achievement with the change in format especially with the increase in the number of buyers.

“Our target is to promote this platform as a platform for international trade for Selangor, in which the state has targeted to be the global trading hub,” said the state exco member.

On the investment front, the state has felt a pinch due to the weaker global sentiment as foreign direct investment stood RM3.3 billion as of end-June 2020, a far cry from the RM17 billion reported last year.

For the full year, Teng estimates the figures to improve to RM8.5 billion, as there are an estimated RM5 billion investments into the state awaiting the approval from Malaysian Investment Development Authority.

For 2021, he stated that Selangor has not set any investments target due to the economic uncertainties.

Meanwhile, the state exco member acknowledged that the imposition of the conditional movement control order will certainly have an impact on the state’s economic performance.

He cited a report that estimated a 4.4% adjustment to Malaysia’s GDP attributed to the containment measures imposed today in Selangor, Kuala Lumpur and Sabah but remain a prediction at this juncture.

“Of course in terms of economic activity the measures have affected our business which is unavoidable but we have to think about the long term. Although, the economic activities are still allowed to be carried out which I hope will minimise the impact on the economic development.”

In regards to the state’s aerospace ambitions, Teng is confident that the sector will take off once again after the international borders are open.

“We have to be very patient as this is an important and strategic industry for the world and Selangor is giving a lot of focus on the industry.”

Towards this goal, he revealed that the state government is planning to organise an international aviation show next year to demonstrate its commitment and efforts towards the aerospace industry.

KUALA LUMPUR (Oct 14): The Ministry of Health (MoH) has detected a new Covid-19 cluster with 17 infections.

MoH director-general Tan Sri Dr Noor Hisham Abdullah said the new cluster is called Kencana.

The Kencana cluster of infections was identified in several areas including Hulu Langat, Petaling, Klang and Gombak in Selangor, Cheras in Kuala Lumpur, and Johor Bahru, Batu Pahat and Pontian in Johor.

“The index case (case no. 13,805) tested positive for the virus on Oct 7 through symptomatic screening and has been admitted to Sungai Buloh Hospital.

“Up until noon today, some 23 individuals have been screened, of whom four were negative and two more are waiting for results,” said Noor Hisham at a virtual press conference.

MoH reported 660 new Covid-19 cases today, which lifted the number of active cases in the country to a new high of 5,768.

Sabah continues to report the highest number of cases, according to the MoH.

Of the 660 new confirmed infections, 429 cases are in Sabah, 113 cases are in Kedah with 109 infections related to the Tembok cluster, while 17 cases in Penang

In Klang Valley, there are 68 new confirmed cases in Selangor, seven in Kuala Lumpur and one in Putrajaya.

Four new deaths were reported in Sabah, involving two men and two women, which brings the country’s death toll to 167.

Noor Hisham noted that due to a spike in new Covid-19 cases as well as the rising number of clusters in Peninsular Malaysia, 52 health districts have turned into yellow zones, while 19 health districts have turned into red zones.

According to the ministry, red zones are health districts which have at least 41 active cases, while yellow zones have one to 40 cases.

Tajuk Berita	:	Selangor expects RM8.5b investments in 2020, much lower than initially targeted
Muka Surat	:	11

KUALA LUMPUR (Oct 14): Selangor's investment arm, Invest Selangor Bhd, is now only expecting about RM8.5 billion worth of investments in the state for this year due to the Covid-19 pandemic, said state executive councillor Datuk Teng Chang Kim.

He noted that this would be much lower than Invest Selangor's initial target of RM12 billion announced earlier in the year.

Teng, who chairs Selangor's standing committees for investment, industry and commerce and small and medium enterprises (SMEs), said that as of June 30, the state managed to obtain RM3.3 billion worth of investments.

On top of that, Teng updated that there are RM5 billion worth of investments at hand for which the approval is still pending.

"So we believe that by the end of this year, there will be at least another RM5 billion of investments that will be approved, which means we expect to have about RM8.5 billion of investments approved for Selangor.

"If that is the case, I would say that we are quite fortunate, although it is much lower than last year.

"We should be satisfied [with this projection] in view of the [Covid-19] pan-

demic," he told a virtual press conference following the launch of the Selangor International Business Summit 2020 (SIBS 2020) today.

Last year, Selangor recorded total approved investments of RM17 billion. Meanwhile, in 2018, the state achieved its highest investment record in 25 years at RM18.9 billion.

Teng said Invest Selangor will continue to focus on its five targeted clusters of sectors, as outlined in the Selangor Industrial Master Plan, which are machinery, transportation, food and beverages (F&B),

life sciences, and electric and electronics (E&E).

SIBS 2020, launched by Selangor Menteri Besar Datuk Seri Amirudin Shari, runs from today until Saturday (Oct 17). The business summit, which is being held virtually, brings together global brands and industry players from around the world to help businessmen reset and reboot while providing valuable knowledge sharing, networking and business matching for all trade visitors.

SIBS 2020 will continue to have three main components, which are the Selangor International Expo, Selangor Asean Business Conference and Selangor Smart City and Digital Economy Convention.

The four-day online sessions include two virtual expositions, webinars, live conferences, online networking and business matching opportunities.

Amirudin said: "Over the years, this administration has braved strong winds, and risen to the challenges to make Selangor the preferred destination to invest and do business in the region.

"Hence, the Covid-19 pandemic is just another challenge that we have to go through along the way and, God willing, we will be able to make it, with strong support from everyone," he said.

Selangor cuts investment target to RM8.5b

Only RM3.3b investments approved in 1H20 as Covid-19 wreaks havoc on sentiments worldwide

by AFIQ AZIZ

SELANGOR is expected to rake in only RM8.5 billion of foreign direct investment (FDIs) this year for its manufacturing sector, half of the RM17 billion achieved last year, in the wake of the weak global sentiment caused by the Covid-19 outbreak.

The main contributor to the country's GDP on an annual basis at 24%, Selangor had set to achieve RM12 billion of investments for 2020.

However, according to Selangor executive councillor Datuk Teng Chang Khim, only RM3.3 billion of investments were approved as of the first half of this year (1H20) based on the latest data from Malaysian Investment Development Authority (Mida).

"We have about RM5 billion pending investments that will be approved by Mida towards the end of the year.

"As such, the state government

would be satisfied with the investment of RM8.5 billion this year, despite the ongoing pandemic and a series of Movement Control Orders (MCOs) that may be ongoing for the next few months," Teng said at a virtual press conference after the virtual launch of the Selangor International Business Summit (SIBS) 2020.

Teng, who is also the chairman of standing committees for invest-

ment, industry and commerce and small and medium enterprise, said the revised target was in line with global sentiments due to the Covid-19 pandemic.

In June, the United Nations Conference on Trade and Development forecasted that FDI flows are expected to plunge about 40% this year from the US\$1.54 trillion (RM6.55 trillion) registered in 2019. In Asia, FDIs are forecasted to fall

between 30% and 45% year-on-year. Previously, Selangor set a target of RM12 billion FDI in five main sectors including electrical and electronics (E&E), food and beverages (F&B), and machinery.

"With the previous three months' MCO in place, and now the Conditional MCO (CMCO) for the whole state of Selangor, we do not know what lies beyond.

"We have not set our investment target for next year due to economic uncertainties," Teng added.

In 2018, Selangor recorded its highest FDI of RM18.9 billion.

Teng said due to the reinforcement of the CMCO in the Klang Valley — comprising Kuala Lumpur, Selangor and Putrajaya — from Oct 14 to 27, Malaysia's GDP might shrink by another 4.4% this year.

"Fortunately, this CMCO focuses on restrictions for activities rather than movement, where all business and economic activities can still be carried out.

"I hope this will minimise the impact on economic development."

Moving forward, Selangor will continue to focus on E&E, transport equipment, F&B, life sciences and machinery and equipment segments.

Next year, Teng said the government is expected to organise an international aviation show to promote the state's aerospace industry — which falls under the state transport equipment investment cluster.

The move, he said, is pertinent to ensure that Selangor is prepared to be part of the multibillion industry, which is now heavily affected by the pandemic.

"(About) 80% of aircraft are still grounded and this adversely affects the aerospace sector, but we believe it will pick up again when all international borders are open.

"Selangor is focused on the industry and hopefully, it will improve our results in enticing foreign investors," Teng said.

Selangor is home to about 65% of the total 230 aerospace players in Malaysia, from manufacturing to aircraft services.

The four-day SIBS 2020 has been shifted to a fully virtual platform in response to public health and travel safety concerns relating to the Covid-19 pandemic.

Last year, SIBS raked in RM447 million in business transaction value, including the RM200 million garnered from the Malaysia-China Entrepreneur Conference.

早市巴剎須聘警衛員駐守

(吉隆坡14日訊)掌管地方政府、公共交通和華人新村事務的雪州行政議員黃思漢說，州內按摩中心、推拿中心、健身中心、網座、酒廊等在有條件行動管制令期間，都不被允許營業。

黃思漢週三下午進行直播，針對有雪州條件行動管制令情況，整個直播約維持41分鐘，回答網友各項問題。

黃思漢也是金鑿區州議員。他說，雪州政府基本上是使用國家安全理事會宣布的標準作業程序，只是其中有些更動。

他說，由於有肢體上的接觸，因此推拿、按摩活動等不能進行，相關中心也不能營業。

他指出，設在公寓的健身室或一般的健身中心等也不能營業。

“托兒所、補習中心、音樂學校等同樣要關閉，也沒有托兒和安親班服務，除非是送往私人保姆照顧。”

他說，室內體育場如室內羽球場、籃球場、足球場等都不能使用，但室外的羽球場、籃球場和足球場等可使用。

黃思漢說，羽球、籃球和足球活動等可在戶外進行，但不能涉及整群人，不能有肢體接觸，只能1個人玩。

他指出，至於在公園或住宅區中散步、晨運、踏腳車、排舞、太

極等活動皆被允許，但不能超過10人，也必須保持社交距離。

他說，公園、兒童遊樂場等仍繼續開放，惟公園內運動設施和兒童遊樂設施將被“封”。

“在公園中跑步、溜狗等也是可以，但我鼓勵大家最好各自跑步，不要整群人更不要超過10人。”

食肆餐館允堂食

10人大桌可坐5人

●黃思漢強調，雪州各區食肆和餐館等都可堂食，10人位的大桌子可坐5人。

黃思漢針對梳邦再也市議會傳出食肆和餐館等禁止堂食，解釋說那只是項錯誤，梳邦再也市議會已做出糾正且允許食肆、餐館等堂食。

他說，雪州允許堂食，但每張桌子只允許坐2人。

“所謂的2人只是小桌子，如果一般的10人可坐的大桌子可坐5人，但必須確保人與人之間必須保持距離。”

針對是否可跨縣或跨州時，他說，如果是在雪州、吉隆坡和布城內工作，不需要向警方提呈申請，只需出示公司信函等文件。

梳邦再也市議會官網 禁堂食通告引混淆

(梳邦再也14日讯)中央政府宣布雪隆布城食肆可堂食，梳邦再也市议会却透过官网发布“禁堂食”通告，引发民众混淆！

较早前，坊间流传梳邦再也市议会禁止辖区食肆堂食通告，掀起一阵恐慌，为此，《中国报》记者于中午约12时，登入市议会官网时，发现该网站确实张贴一张志期为10月13日，主题为“条件行动管制令（公共巴刹、农民巴刹、批发公市、美食中心及市议会管辖摊档商业活动）”的通告。

该通告阐明，市议会鼓励公众选择外带或食物配送，并且不允许堂食，批发公市则可从凌晨4时营业至下午2时，公共巴刹和农业巴刹，则从凌晨6时营业至下午2时与中午12时；至于美食中心与摊位，可从凌晨6时营业至晚上10时。

上述通告释出后，即在社交网络上疯传，直到将近中午4时，有关通告已被撤下。

为此，梳邦再也市议员李燕韵

接受电访时说，有关通告是根据高级政务部长（国防部）拿督斯里依斯迈沙比里，在首次宣布条件行动管制令的宣布时，所草拟的通告，岂料部长事后却宣布，所有食肆可允许堂食，但限制每桌只可坐2人。

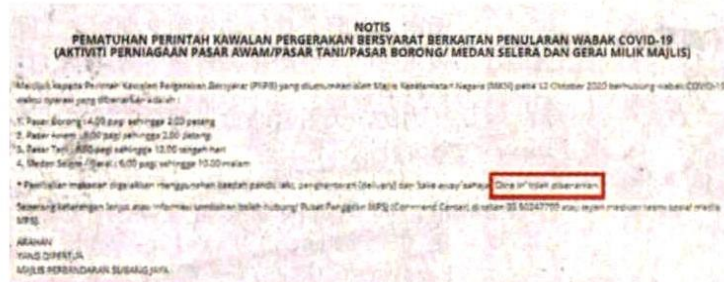

等待大臣最新宣布

“我们根据部长第一次宣布，拟好这封通告并发布，怎料部长事后却宣布食肆可堂食，无论如何，我们必须等待雪州政府召开会议后，以雪州大臣公布的管制令指南为准。”

她提及，一般上，当国家安全理事会作出宣布后，雪州政府随即作出进一步的细节，以便各地方政府按照指南加强不足之处。

“目前，（市议会）仍在等待雪州大臣的最新宣布，而辖区内的所有食肆都可如常营业，包括相关的咖啡茶室公会也已接获可营业的通知，但只限制每座可2人堂食。”

雪州今年外資料大幅減半 阿米魯丁仍看好前景

(吉隆坡14日讯)全球投资环境严峻,影响今年经济增长,雪州大臣拿督斯里阿米鲁丁预计,今年该州的外来投资将从去年的170亿令吉,大幅减少至85亿令吉,但仍然看好可继续从跨国公司中取得项目,成为极具吸引力和享有良好声誉的投资目的地。

之前,该州的目标是希望通过5个主要领域,吸引120亿令吉的外资。

他说,2019年,雪州制造业获批投资额总计170亿令吉,其中外来直接投资(FDI)占61.1%,总额为104亿令吉。

阿米鲁丁是在为2020年雪兰莪国际商务峰会(SIBS)主持线上开幕仪式时,如是指出。出席嘉宾包括雪州行政议员拿督邓章钦、副州秘书诺夫阿特及雪兰莪投资促进机构(Invest Selangor Berhad)

总执行长拿督哈山阿兹哈里。由于新冠肺炎疫情持续,雪兰莪投资促进机构为迎合新常态,首先开河将2020年雪兰莪国际商务峰会转至线上举办,从10月14日至17日,善用科技促进商贸活动。

線上進行受歡迎

邓章钦透露,今年峰会搬至线上进行,获得国内外参展和买家的热烈响应。该峰会涵盖3大重点活动,分别是雪州国际博览会、雪州东协商务会议及雪州智慧城市和数字经济大会。

他指出,线上雪州国际博览会召集了284个来自12个国家的参展商,包括大马、菲律宾、台湾、日本、泰国、西班牙、意大利、新加坡等等;同时吸引了70位来自24个国家的

买家参与。

“雪州每年为大马国内生产总值贡献超过24%,尽管面临挑战,雪州依然扮演经济强区的角色,并已准备好带领国家走出不确定性的经济环境。”

该峰会的线上平台将持续到2021年,

企业家们可以在峰会结束后继续使用该平台。2021年雪兰莪国际商务峰会则计划于2021年10月7日至10日,在吉隆坡会展中心举行。详情请浏览www.selangorbusinesshub.my。

邓章钦：全球经济疲软 雪直接投资下修至85亿

(吉隆坡 14 日讯) 全球经济疲软，相比去年，雪兰莪州把今年的外来直接投资目标，减半至 85 亿令吉。

去年，雪州的外来直接投资为 170 亿令吉。今年，州政府原本期许通过电子业、生命科学、饮食制造业、交通零件配备及机械工业替代 5 大领域，获得 120 亿令吉大量直接投资。

掌管雪州投资、工商业及中小型推进产业事务的行政委员邓章钦说，不过，由于全球面对 2019 年冠状病毒病大流行的情况，所以州政府下修预测。

他今早参加虚拟雪兰莪州国际商务峰会 (Virtual

有 500 亿令吉有待批准，相信今年尾可批。

上半年 122 制造项目获批

较早前，邓章钦致词时说，即使目前面对疫情大流行，雪州上半年有 122 制造项目获得批准，投资额高达 34 亿令吉，目前还有数项待定

案，期许可在今年内完成。

“过去 5 年，雪州获得共 1222 制造业项目，投资额有 5742 亿令吉，提供了 8 万 157 就业机会。”

他说，虽然面对挑战和前景不乐观，但雪州每年贡献超过 24% 国内生产总值，此外有完善基建、有主要科技资讯系统、有 160 多所高等学府支撑及有多语人才，以及做好准备持续引领经济，因此雪州仍是国家经济动力。

吸引 12 国企业参展

虚拟雪兰莪州国际商务峰会今年的国际商展，吸引全球 12 个国家商企约 300 摊位参与。

邓章钦指出，基于全球大流行，州政府今年利用科技通讯系统，以新模式在本月 14 至 17 日进行虚拟峰会。

他说，峰会以三主轴为

雪大臣：锁国不阻沟通 积极展开数字化倡议

雪兰莪州务大臣拿督斯里阿米鲁丁指出，在 2019 冠状病毒病全球大流行及实施行动管制令之际，州政府积极展开数项数字化倡议，让商企和普罗大众可以新常态重启生活。

“受疫情冲击，州政府首要面对的挑战是确保人民安全，接下来是确保经济活动可在安全环境下持续；而数字化是振兴经济的关键。”

他说，据联合国贸易和发展会议 (UNCTAD) 2020 年投资报告，外来直接投资流量预计从 2019 年 6.55 兆令吉暴跌 40%，亚洲的外国直接投资会在今年降 30 至 40%。

阿米鲁丁说，虚拟雪州商

务峰会是其中一个数字化倡议，确保所有沟通在国门关闭时持续进行。

他称赞雪州行政议员拿督邓章钦与其团队，于今年把实体雪州商务峰会转为线上，以虚拟方式为雪州、各区域的制造业者、政策决策者、进出口商提供参与平台；时值全球投资环境正面临严峻经济形势，这是转变非常合时机。

阿米鲁丁强调，尽管前景欠佳，惟雪州仍是具吸引力的投资目的地，有数项多国投资在进行。

“雪州制造业在 2019 年取得 170 亿令吉外资，占总投资额 1041 亿令吉的 61.1%。”

务会议，今年会有 3 场研讨会共 12 位国际讲师参与。”

邓章钦说，第三精明城市与数字经济会议会议关注在“中小企业如何在数字化转型战中成长”，也会举办“2020 年电子商务奖”。

雪堂食新 SOP 允 10 人桌坐 5 人

吉隆坡 14 日讯 | 雪州行政议员黄思汉表示，有条件行管令落实期间，堂食一桌两人的限制只是针对小桌子。倘若 10 人桌子，则可以允许 5 人一桌，前提是必须保持人身距离。

他说，在雪州大臣今日主持的一场会议上，根据国家安全理事会代表的说法，如果是较大张的桌子，只要能保持人身距离，就能够坐超过 3 个人。

保持人身距离

「他们的代表也举例，一户家庭若 4 人同行，就必须分开两人一桌，但若是可坐 10 人的大桌子，则可以容纳 5 个人，只要间中有维持一个位置的安全社交人身距离即可。」

黄思汉也是行动党金銮州议员，是于今日午后在其个人面子书官方专页开直播，回复所有网民关于有条件的行动管制令 (CMCO) 提问时，如是表示。

他也澄清，梳邦再也市议会 (MPSJ) 先前发布不可堂食，是依据之前的标准作业程序，然而依据全新的标准作业程序，雪隆布都是可以堂食的，只要遵守标准作业程序即可。

சிலாங்கூரில் பல மாவட்டங்களில் சிஎம்சிஓ எதற்கு?

மந்திரி பெசார் கேள்வி

ஷா ஆலம், அக். 15-
 சிலாங்கூர் மாநிலத்தில்
 உள்ள பல மாவட்டங்களை
 சிஎம்சிஓ எனப்படும்
 நிபந்தனையுடன் கூடிய
 நடமாட்டக் கட்டுப்பாட்டு
 உத்தரவின் கீழ் கொண்டு வர
 வேண்டிய அவசியம் இல்லை
 என்று மந்திரி பெசார்
 டத்தோபுரீ அமிருடன் ஷாரி
 மீண்டும் கூறியுள்ளார்.
 இந்தக் கோரிக்கை தேசியப்
 பாதுகாப்பு மன்றத்தின்
 கவனத்திற்குக் கொண்டு
 செல்லப்பட்டுள்ளது.
 சிலாங்கூர் மாநிலத்தில்
 கோவிட்-19 பரவியுள்ள பல
 பகுதிகள் இன்னும் கட்
 டுப்பாட்டில் உள்ளன.
 ஆனால் பல மாவட்டங்களில்
 இந்த உத்தரவு
 தேவைப்படாது என்று அவர்
 கருத்துரைத்தார்.
 சிலாங்கூர் மாநிலம்
 முழுமையும்
 சிஎம்சிஓ உத்தரவு
 அமல்படுத்தப்பட்டிருப்பது
 நியாயமானதாகத்
 தெரியவில்லை. குறிப்பாக
 சபாக் பெர்ணம், தஞ்சோங்
 காராங், கோல சிலாங்கூர்
 போன்ற பகுதிகளில் பாதிப்பு
 அதிகம் இல்லை
 என்பதால் அங்கும்
 சிஎம்சிஓ பிறப்பிக்கப்பட்
 டிருப்பதில் நியாயம்
 இருப்பதாகத் தெரியவில்லை
 என்று அவர் கூறினார்.
 சுகாதாரத்திற்கு

முக்கியத்துவம் அளிக்க
 வேண்டும் என்பது
 நியாயம்தான். ஆனால்
 சிஎம்சிஓ பிறப்பிக்கப்பட்
 டால் சபாக் பெர்ணம்,
 கோலசிலாங்கூர் போன்ற
 குறைந்த வருமானம் பெறக்
 கூடிய மக்கள் வசிக்கும்
 பகுதிகளின் நிலையிலும்
 கவனம் செலுத்தப்பட
 வேண்டும்.
 பொருளாதாரத்
 துறைகள் செயல்பட
 அரசாங்கம் அனுமதித்
 திருக்கிறது. ஆனால்
 பள்ளிக்கூடங்களும் சிறார்
 பராமரிப்பு மையங்களும்
 பாலப்பள்ளிகளும்
 மூடப்படும்போது
 தொழிலாளர்கள் பலர்
 தங்கள் பிள்ளைகளைக்
 கவனித்துக் கொள்ள
 விடுமுறை எடுத்துக்
 கொள்ளும் நிலைக்குத்
 தள்ளப்படுகின்றனர்
 என்பதையும் கருத்தில்
 கொள்ள வேண்டும் என்றார்
 அவர்.
