Wujud keperluan tambah tenaga kerja di Selangor

SHAH ALAM - Kerajaan negeri memandang serius dan sentiasa memberikan keutamaan terhadap fungsi dan peranan Jabatan Pendakwaan Syariah Selangor.

Exco Hal Ehwal Agama Islam, Hal Ehwal Pengguna dan Industri Halal Selangor, Mohd Zawawi Ahmad Mughni berkata, Jabatan Pendakwaan Syariah Selangor ditubuhkan sejak 1 April 2018 bagi memantapkan fungsi dan peranan jabatan berkenaan.

MOHD ZAWAWI

“Hal ini kerana menjadi keperluan untuk ditambahkan kekuatan sumber manusia kerana setakat ini Jabatan Pendakwaan Syariah Selangor hanya ada empat pegawai yang mengendalikan kes di empat Mahkamah Tinggi Syariah dan sembilan penolong pegawai di 12 Dewan Mahkamah Rendah Syariah di sembilan daerah.

“Perjawatan di Wilayah Persekutuan lebih baik apabila semua kes di Mahkamah Rendah Syariah dan Mahkamah Tinggi Syariah dikendalikan oleh pegawai.

“Di Labuan ada seorang pegawai manakala di Kuala Lumpur dan Putrajaya pula beberapa orang pegawai mengikut kes dan dewan yang ditetapkan,” katanya kepada *Sinar Harian* di sini pada Selasa.

Dalam pada itu, Mohd Zawawi berkata, dari segi bidang kuasa Ketua Pendakwa Syarie adalah jelas sebagaimana peruntukan Seksyen 78 Enakmen Pentadbiran Agama Islam Selangor 2003 dan Seksyen 181 Enakmen Tatacara Jenayah Syariah Selangor 2003.

Selain itu, beliau berkata, Jabatan Pendakwaan Syariah Selangor juga baru selesai mengemukakan draf cadangan pindaan Enakmen Jenayah Syariah Selangor 1995 kepada penasihat undang-undang dan Majlis Agama Islam Selangor untuk penelitian.

“Dalam masa sama, Jabatan Pendakwaan Syariah Selangor juga sedang menyediakan draf pindaan Enakmen Tatacara Jenayah Syariah Selangor 2003 dan Seksyen 78 Enakmen Pentadbiran Agama Islam 2003,” katanya.

Lokasi berisiko dikenal pasti

Shahrizal (dua dari kiri) ketika melawat tapak di Pintu Air Pandamaran 12, Kampung Sijangkang pada Selasa.

11 kawasan di Klang, 21 kawasan di Bagan Datuk dalam keadaan siap siaga hadapi banjir

Oleh ASYRAF MUHAMMAD

PELABUHAN KLANG

Jawatankuasa Pengurusan Bencana Daerah (JPBD) Klang mengenalpasti 11 lokasi di sekitar kawasan ini yang berisiko banjir susulan fenomena air pasang besar bermula pada Khamis hingga Ahad ini.

Kawasan terlibat membabitkan Kampung Tok Muda, Kampung Sungai Pinang, Pulau Indah, Pandamaran, Taman Selat Damai, Pelabuhan Klang, Kampung Sungai Serdang, Ban Sementa, Ban Sungai Keramat, Kampung Perepat, Pelabuhan Utara, Telok Gong dan Pulau Ketam.

Pemangku Pengerusi JPBD Klang, Shahrizal Mohd Salleh berkata, susulan itu, setiap agensi terlibat telah diarahkan melakukan persediaan dan pemantauan di kawasan berkenaan sepanjang tempoh terlibat.

"Arahan bersedia juga telah dikeluarkan kepada semua penghulu dan ketua kampung supaya dapat membantu memantau kawasan yang dikenal pasti itu," katanya pada sidang akhbar selepas lawatan tapak di Pintu Air Pandamaran 12, Kampung Sijangkang di sini pada Selasa.

Dalam pada itu, Shahrizal berkata, JPBD Klang juga telah mengambil langkah berjaga-jaga dengan menyediakan pusat pemindahan sementara (PPS) di dewan dan sekolah yang dikenal pasti.

Beliau berkata, pihaknya juga telah mengeluarkan arahan kepada Majlis Bandaraya Shah Alam (MBSA), Majlis Perbandaran Klang (MPK), Jabatan Kerja Raya (JKR) dan Jabatan Pengairan dan Saliran (JPS) agar sentiasa menyelenggara sistem saliran di bawah kuasa pentadbiran mereka.

"Sebagai contoh, MBSA juga telah membuat sewaan pam air dan membina kolam tadahan sementara bagi menghadapi banjir," katanya.

Tambahnya, Bilik Gerakan Bencana Daerah Klang turut diaktifkan bagi bertindak sebagai penyelaras dalam pengendalian bencana di daerah itu.

Sementara itu di **BAGAN DATUK**, Sekretariat Bencana Daerah Bagan Datuk mengenalpasti 21 kawasan di daerah itu yang berdepan risiko banjir.

Pegawai Angkatan Pertahanan Awam (APM) Bagan Datuk, Kapten (PA) Mohd Zaidi Ahmad berkata, notis makluman mengenai fenomena air pasang besar di daerah itu dikeluarkan kepada penduduk di empat mukim di daerah Bagan Datuk khususnya di pesisir pantai supaya mereka berwaspada sepanjang tempoh fenomena tersebut.

"Notis yang kita keluarkan ini berdasarkan data air pasang besar yang dikeluarkan oleh Jabatan Laut. Berdasarkan maklumat itu, kita minta penduduk berwaspada.

"Pihak APM sentiasa memantau secara berkala di kawasan ini. Berdasarkan data yang dikeluarkan, air pasang paling tinggi diramal berlaku pada 5 November pada jam 4.55 pagi iaitu setinggi 3.4 meter," katanya.

Mohd Zaidi berkata, sebanyak empat kawasan mukim terlibat iaitu Hutan Melintang, Bagan Datuk, Rungkup dan Teluk Bharu.

Beliau berkata, berdasarkan pengalaman sebelum ini fenomena air pasang besar di Bagan Datuk tidak menyebabkan banjir besar namun dibimbangi apabila berlaku pertembungan hujan lebat dan air pasang besar serentak.

Menerusi notis makluman yang dikeluarkan, kawasan yang terlibat ialah Tebing Sungai Bernam, Kampung Sungai Manila, Sungai Samak, Kampung Bagan Lalang, Kampung Kota, Hutan Melintang dan Teluk Buluh bagi mukim Hutan melintang.

Bagi mukim Bagan Datuk, kawasan terlibat ialah Kampung Bagan Ikan, Kampung Bagan Sungai Burung, Kampung Pasang Api, Kampung Bagan Sungai Tiang, Kampung Tebing Rebak, Kampung Tanah Lalang dan Kampung Sungai Dulang.

Di mukim Rungkup, kawasan terlibat ialah Bagan Pasir Laut, Bagan Lipas, Bagan Sungai Belukang dan Bagan Sungai Tiang manakala di mukim Teluk Bharu hanya melibatkan tiga kawasan iaitu Tapak Semenang, Teluk Bharu dan Tebing Rebak.

Tourism Selangor anjur Kejohanan Golf

Kejohanan golf domestik kali ketiga itu bakal berlangsung di Kelab Golf Bukit Beruntung 12 Disember depan

Oleh NORAFITZA JAAFAR

HULU SELANGOR

Tourism Selangor perkukuh sektor pelancongan sukan melalui penganjuran *Tourism Selangor Golf Tournament* yang bakal berlangsung di Kelab Golf Bukit Beruntung pada 12 Disember depan.

Ketua Pegawai Eksekutif Tourism Selangor, Azrul Shah Mohamad berkata, seramai 120 peserta terdiri daripada wakil sektor kerajaan dan swasta, selebriti, ekspatriat, ejen pelancongan serta pe-

Azrul Shah (lima dari kanan, belakang) bersama rakan penaja Tourism Selangor Golf Tournament ketika sidang media di Kelab Golf Bukit Beruntung, Hulu Selangor pada Selasa.

main golf domestik akan menyertai kejohanan kali ketiga itu.

Menurutnya, jumlah penyertaan tahun ini merosot berbanding tahun sebelumnya kerana bersifat selektif susulan terikat dengan prosedur operasi standard (SOP) ditetapkan Majlis Keselamatan Negara (MKN).

"Bagaimanapun, Tourism Selangor yakin kejohanan tersebut dapat membantu mem-

promosi pakej sukan golf yang terjejas teruk akibat Covid-19 selain memperkukuh jaringan serta mencipta peluang masa hadapan antara peserta dengan rakan penaja.

"Saya yakin sukan golf selamat untuk diteruskan kerana kelab golf di Selangor mengamalkan pematuhan prosedur SOP yang ditetapkan," katanya ketika sidang media di Kelab

Golf Bukit Beruntung pada Selasa.

Penganjuran kali ini mendapat kerjasama daripada Pembedaan Menteri Besar (MBI) Selangor, Polis Diraja Malaysia (PDRM), Perbadanan Kemajuan Negeri Selangor (PKNS), Persatuan Golf Malaysia dan KDEB Waste Management.

Antara rakan penaja pada ke-

johanan kali ini termasuk Westport Malaysia Berhad, Northport Malaysia Berhad, Central Spectrum (M) Sdn Bhd, Srixon, Titoni of Switzerland, Liquid Marketing Sdn Bhd, Farm in the City, Puas Snack Pack, Liberty Golf Services dan The ClubHouse.

Pada perkembangan sama, Azrul Shah berkata, Tourism Selangor komited menjadikan sukan golf sebagai salah satu sektor pelancongan terpenting di negeri tersebut berdasarkan pelan lima tahun yang dirangka.

"Selangor mempunyai 29 kelab golf yang kebanyakannya dibina mengikut standard antarabangsa dan diiktiraf melalui anugerah yang dimenangi.

"Kita meletakkan sasaran membawa pemain golf profesional luar negara ke Selangor melalui penganjuran klinik sebagai langkah promosi sukan pelancongan di peringkat antarabangsa," katanya.

Klang District Office ready to deal with possible floods from high tide phenomenon >2

By EDWARD RAJENDRA
 edward@thestar.com.my

AUTHORITIES in Klang district have made adequate arrangements to mitigate possible twin natural disasters — flash floods due to high tide and the onset of the northeast monsoon.

Klang Land and District Office acting district officer Mohd Shahrizal Mohd Salleh said this was following the National Hydrographic Centre in Port Klang's forecasted high tide phenomenon at 5.6m and the Malaysian Meteorological Department's (MetMalaysia) announcement on the onset of the northeast monsoon.

"The monsoon's heavy rainfall will likely cause more floods, particularly for residents living in low-lying areas.

"With high tide forecasted at 5.5m on Nov 4 at 5.21am, 5.6m on Nov 5 at 6.02am and on Nov 6 at 6.40am, while on Nov 7, the tide will reach 5.5m at 7.18am, our district authorities will be on alert," he said.

On Dec 4 and 5, the tide will be at 5.4m and on Dec 6, it will drop to 5.3m.

If heavy rain and strong winds take place, the risk of a flood occurring will increase along the coastal areas.

Mohd Shahrizal announced that 11 areas had been identified as "highly vulnerable" during the monsoon and high tide, based on rainwater deluge on Oct 20 in several residential areas.

"Klang Municipal Council's (MPK) Quick Action Team, the Fire and Rescue Department, Civil Defence, Klang's north and south police personnel and the Klang District Malaysian Red Crescent Society will be on alert over these 11 areas," he said.

The areas are Kampung Tok Muda, Kampung Sungai Pinang in Pulau Indah, Pandamaran, Taman Selat Damai in Port Klang, Kampung Sungai Serdang, Bund Sementa, Bund Sungai Keramat, Kampung Perepat, North Port, Telok Gong and Pulau Ketam.

Mohd Shahrizal, who will assume the post

All hands on deck for floods and monsoon

Klang authorities prepared to help those in coastal areas

Mohd Shahrizal visiting a sluice gate in Jalan Pandamaran Jaya, Port Klang, with other government agency representatives. — KK SHAM/The Star

as district disaster committee chairman, said that if the floods worsened as the high tide coincided with heavy rainfall, flood victims would be evacuated to relief shelters in community halls and schools.

He said 71 relief centres had been identi-

fied to house flood victims.

He added that the Village Community Representatives Council and various community leaders had been briefed to alert their residents on possible floods.

Meanwhile, Kuala Langat Municipal

Council president Datuk Amirul Azizan Abd Rahim said coastal areas in the district — Pantai Kelanang, Pantai Baru Morib, Pantai Morib, Pantai Batu Laut, Pantai Cunang, Taman Harmoni Morib, Istana Bahagia Morib and Tanjung Sepat jetty — were temporarily closed to the public.

On the flood problem in Taman Melawis, Mohd Shahrizal said cleaning operations were ongoing.

He said dirt had been removed from drains at different points and similar cleaning measures had been carried out in other neighbourhoods.

StarMetro highlighted Taman Melawis' flash flood problem in a report titled "Rising tide of dismay" on Nov 1, after which MPKS Environmental Services Department began desilting drains.

Workers using excavators were seen lifting out dirt from a monsoon drain along the affected stretch that runs parallel with the Taman Melawis border.

MPK Environmental Services Department director Zaireezal Ahmad Zainuddin said all cleaning operations in Taman Melawis and other neighbourhoods would be completed before Nov 4.

"Our in-house workers removed an estimated three tonnes of dirt from two monsoon drains in Taman Melawis, while KDEB Cleaning Services workers were told to clean the smaller drains," he added.

Low-risk businesses can renew licences online via MPS portal

BUSINESS owners under the purview of Selayang Municipal Council can now renew, pay and print their business licences for next year using the MyMPS portal.

This initiative by MPS to allow online renewal of business licences was to enable business owners and operators to get the task done at any time, without a need to be physically present at council counters, said MPS corporate communications director Mohamad Zin Masoad in a statement.

“This option is available only to businesses categorised as low risk.

“Renewal and payment must be done before Dec 31 to avoid a late processing fee

of an additional 10% on the total licence activity,” he added.

A business licence holder can visit lesen-digital.mps.gov.my to update their information, make their payment and print the copy via mymps.mps.gov.my

“For those who hold licences for liquor/ alcohol, advertising visuals/ billboards, factory, massage parlour/ reflexology centre, cybercafe, hotel, used goods and quarry operations, payment can be done through MyMPS and the licence has to be collected from MPS’ Licensing Department office.”

For details, call 03-6126 5940/ 5941/ 5942/ 5943 or visit www.mps.gov.my

By **JADE CHAN**
 jade@thestar.com.my

MANGROVE Point, a park located within a mangrove forest setting in Port Klang, Selangor, is a new ecotourism attraction slated to open to visitors in early 2022.

The 28ha park is touted as the first of its kind in Malaysia that is designed based on a biophilic concept, which incorporates nature into the built environment to create restorative and connective spaces.

Mangrove Point is being developed under the Selangor Maritime Gateway project by Selangor government, through Landasan Lumayan Sdn Bhd together with the Selangor Forestry Department (JPNS).

The park is about 80% complete. "The cost to develop Mangrove Point is about RM10mil," said Selangor infrastructure, public amenities, agriculture modernisation and agro-based industry committee chairman Izham Hashim.

He said the opening was delayed due to the movement control order and that the original 18-month projected completion period took about two-and-a-half years instead because of movement restrictions.

When the park opens in stages next year, some of the available attractions include a 1.6km-long boardwalk, glamping sites and a jetty where visitors can take a river taxi.

"Beyond that, we will consider having a tower for birdwatching and tree tagging, with the help of JPNS or Forest Research Institute Malaysia (FRIM) to identify some of the key tree species here," said Izham.

He elaborated that there could be some mangrove trees aged more than 50 or 100 years old here.

"Plants such as *pokok api-api* (firefly mangrove tree) and *pokok berembang* (crabapple

Unique mangrove park to open in Port Klang

RM10mil attraction incorporates nature into built environment

mangrove tree) can also be found in the area.

"We are open to other suggestions for other attractions and activities, but they must maintain the park's authenticity and ecotourism concept," he said.

The entire Selangor Maritime Gateway project focuses on the revival of Sungai Klang, which includes cleaning, rehabilitating and sustainably rejuvenating areas along the river ecosystem to make it attractive for tourism, investments and liveability.

"We have identified about 202ha of land along the riverfront for various types of development, including affordable homes.

"This is a first-of-its-kind concept in Malaysia, where a river serves as the theme for development.

"It took almost 11 years for the Gateway project to take shape," said Izham.

He said if the Sungai Klang model was a success, it would be replicated along other rivers.

He added that there were many things planned for next year, subject to the Covid-19 situation, and that the activities and development along the river were at planning and finalisation stages.

Izham, who is also Landasan Lumayan Sdn Bhd chairman, had visited Mangrove Point with Selangor Maritime Gateway board members during a tour of several places under the project.

In achieving a biophilic design, one of the key considerations for Mangrove Point was

controlled development and minimal disruption to the existing area.

The park received an honour award under the Professional Category (Malaysian) Landscape Analysis and Study Awards category at the Malaysia Landscape Architecture Awards held in April 2019.

Akhhbar	:	The Star
Tajuk Berita	:	Cheaper air fares may be on the horizon
Muka Surat	:	16

Cheaper air fares may be on the horizon

TICKET prices for flights between Peninsular Malaysia to Sabah and Sarawak are expected to return to average levels following the lifting of travel restrictions, says Transport Minister Datuk Seri Dr Wee Ka Siong.

He said with the increase in flight frequency and demand, prices of air tickets could go down.

He added that the Sarawak state government had on Oct 25 agreed to allow an increase in flight frequency to the state from 89 flights a week to 223 a week, without limitation on the number of passengers, effective Monday.

"This allowance is expected to enable airlines to increase their flight frequency operations and offer cheaper flight tickets.

"With the latest move, we hope the (ticket price) situation will (improve)," he said when replying to a question raised by Dr Kelvin Yii (PH-Bandar Kuching) in the Dewan Rakyat yesterday.

On a proposal by Ahmad Hassan

(Warisan-Papar) to set ceiling prices for flight tickets to Sabah and Sarawak, Dr Wee said this was not possible.

He said that the Cabinet decided in 2006 to adopt a non-intervention policy with regard to decisions by airlines on ticket prices, among others.

However, he said the government would usually appeal to the airlines to lower ticket prices during festive seasons.

Earlier, Dr Wee said the Malaysian Aviation Commission (Mavcom) observed that ticket prices of most flights to Sarawak between Nov 2 and 8 recorded an increase from double to six-fold compared to 2019.

He said that this was due to flights to Sarawak being reduced by 86% compared to the pre-pandemic period.

As for Sabah, he said ticket prices had gone down by between 30% and 62% between Nov 4 and 10, compared to 2019 fares.

He added that flight frequency to

Sabah had also been reduced by 49% compared to the pre-pandemic period.

Dr Wee urged the Sarawak and Sabah state governments to consider easing health protocols with regard to flights while rebuilding the rakyat's confidence in flying again.

Meanwhile, at the Special Chambers, Dr Wee said as of Aug 31, the overall construction of the East Coast Rail Link (ECRL) had achieved actual progress of 23.96% compared to the 25% completion target.

"There are slight delays due to the movement control order," he said, replying to a question by June Leow (PH-Hulu Selangor) who had asked about the progress of the project.

Dr Wee said Section C2 of the ECRL would solve ongoing rail transport issues from the north to Port Klang.

Section C2, known as the northern alignment, starts in Gombak and goes through Serendah, Puncak Alam and Kapar before stopping at

Port Klang – all in Selangor.

Dr Wee added that the Transport Ministry had held more than 37 engagement sessions involving 17 departments and agencies from the Selangor government, and 12 agencies and departments from Putrajaya, since June last year.

"This is to refine the proposed technical solutions on social and environmental issues faced by Selangor if the ECRL alignment is reverted to the original alignment," he said.

Dr Wee said that in general, all agencies and departments at the state and federal levels had no objections towards the proposal to revert the ECRL to its original alignment.

"However, the proposal to revert to the northern alignment still has not been approved by Selangor and the Transport Ministry will continue negotiations with the state government in order to find the best solution.

"The ministry understands that

differences in decisions made by the state government and Putrajaya can impact the project in terms of time, whereby progress in Section C might be delayed for 12 months.

"Malaysia Rail Link Sdn Bhd, the project developer, is expecting an 18-month delay if no decision is made by November this year," he said, adding that the delays would cause the project's main contractors to claim losses of RML25mil a day.

Meanwhile, in a Facebook post, Dr Wee said he was prepared to answer a question related to a Road Transport Department programme in Dewan Rakyat posed by GPS Tanjung Manis MP Yusuf Abd Wahab.

However, he said that he did not do so as Yusuf was absent from the House.

SIS: Kelantan Syariah Criminal Code (I) Enactment 2019 contrary to inclusive, progressive and tolerant Islam

Tuesday, 02 Nov 2021 08:43 PM MYT
BY KENNETH TEE

Kelantan

Follow us on [Instagram](#) and subscribe to our [Telegram](#) channel for the latest updates.

KUALA LUMPUR, Nov 2 — Women's rights group Sisters in Islam (SIS) has today questioned the newly enforced Kelantan Syariah Criminal Code (I) Enactment 2019, raising concerns over its enforcement which came into effect yesterday.

The group said the law does not reflect an inclusive, progressive and tolerant Islam but merely showcases Islam as a punitive religion.

This, it said, was because very few Muslims have the courage to question, challenge or even discuss matters of religion even when they doubt teachings that appear unjust and incongruous to changing times and circumstances.

"Furthermore, we also find these developments concerning and dangerous as they violate fundamental principles of democracy by suppressing critical thought and expression through arbitrary provisions and punishing those who do toe the line," the group said in a statement here.

This as Kelantan Merri Besar Datuk Ahmad Yakob was quoted as saying that the enforcement of the enactment was aimed at educating and bringing offenders back to the right path of Islam, not merely punishing them.

"What does restorative and retributive actually mean in this context?"

"While there is mention of conducting social services for youth offenders under the supervision of inmates in mosques what is the understanding of restoration and retribution for actions that are deemed crimes under this Syariah Criminal Code and how will this be achieved in the looming tabling of the RUU355?" the group further asked.

The enactment was tabled at the Kelantan State Assembly in October 2019 before it was passed and eventually received royal assent on July 14, 2020, and gazetted on December 31, 2020.

There are 24 new provisions in the enactment relating to matters such as witchcraft, false claims, attempt to convert to Islam, distortion of Islamic teachings, disrespecting the month of Ramadan, destroying houses of worship, necrop and sex with a non-human entity.

The group then cited a recent Federal Court judgment on the case of *Re Putra bin Mubarak v. Kerajaan Negeri Selangor Anor*, where the court noted that Parliament is empowered to legislate on the criminalisation of unnatural sex and that the state has no power to enact such law.

"We find these amendments deeply concerning as the amendments are not clearly stated but only merely mention 2 new provisions in the enactment," they said.

瓜冷市會滅鴉行動 55槍手射殺1448烏鴉

“枪手”瞄准目标，一枪把乌鴉射下。（取自市议会官方脸书）

（瓜冷2日讯）瓜拉冷岳市议会于前天（星期日）上午9时举办“2021年瓜冷县灭鴉行动”，获得55名“枪手”响应参加，共有1448只乌鴉遭射杀，协助缓和“鴉患”问题。

此项活动亦获得瓜冷警区总部（IPD）参与配合协办。当天推展仪式在绍嘉纳太子城市议会分办事处广场举行，由瓜冷市议会主席拿督阿米鲁主持开幕。

避免“鴉患”扰民生

瓜冷县内乌鴉的数量不少，经常干扰到社区居民，同时还随时可能引发环境卫生问题，令人烦不胜烦，因此，瓜冷市议会经常甚至每年都举办类似的“灭鴉行动”（Ops Gagak）。

瓜冷市议会经拟定多个出现

部分参加灭鴉行动的“枪手”领取参与证书后与瓜冷市议会主席拿督阿米鲁（后排站者左四）及官员等嘉宾合影。（取自市议会官方脸书）

“鴉患”的热点地区，展开“灭鴉行动”，主要包括公共巴刹、农民巴刹及住宅区垃圾收集处等，让参与的枪手自由选择进行射杀乌鴉。

“灭鴉行动”地点包括斯里益山城镇、绍嘉纳太子城、万津直落昆仑、冷岳慕尼黑花园、奥拉冷必、乡区甘榜（垃圾收

集处）、双溪嘉隆新村、马哥打皇冠城、奥拉冷必家私村、武吉章港、丹绒士拔（公共巴刹及住宅区）、林峇尤镇、Tropicana Aman、Ecoworld、直落邦里马加朗大巴刹、瓦嘉路工业区、直落邦里马加朗苏亚沙路美食中心后面、拉惹哇丽路及昔江港一带。

巴生县天灾委员会将安排好疏散中心，一旦有地区发生水灾，灾黎就会紧急迁移到疏散中心。

天災委會等做好防範 設71疏散中心應對

摄影 > 高建業

（巴生2日讯）由于11和12月将迎来大涨潮和季风，巴生县天灾管理委员会对此与多个单位展开防范措施，除了会派员即时监督各大风险区之外，还会提前预备好71个临时疏散中心，务必把水灾的风险降到最低！

由巴生县土地局代局长沙里扎领导的巴生县天灾管理委员会，今早连同多个单位，包括消防局、警方、水利灌溉局和民防部队等，一起前往班达马兰第12区水闸门巡视，以了解各单位目前的防范工作。

也是巴生县天灾管理委员会主席沙里扎巡视后向媒体指出，根据气象局的预测，预计从11月3日起吹起东北季风，大马半岛多个地区预计会频密下雨，若刚好又遇上大涨潮，低洼地区水灾的风险就会提高。

4至7日将迎大涨潮

他披露，根据记录显示，本月4日至7日，一连4天将会迎大涨潮，预计水位高达5.5公尺和5.6公尺。

他说，该委员会为了应付来临的大涨潮和季风“双夹攻”，已多次邀请多个单位和社区代表前来开会，以制定好防范措施和相关救灾指南。

“该委员会目前已启动天灾行动室，以作为协调应对水灾的单位。”

沙里扎指出，该委员会已鉴定

巴生县有11个地区属于高风险区，分别为甘榜督慕达、英达乌甘榜双溪槟榔、班达马兰、巴生港口达海峡花园、甘榜双溪沙登、土文达堤防、双溪克拉末堤防、甘榜柏勒坡、巴生北港、直落昂和吉胆岛。

他说，巴生共有5间消防局分局，可动员的消防员有200人，而巴生市议会快速队也有30人，届时消防局、市议会快速队和民防部队都会在大涨潮期间展开监督行动，一旦该地区有水灾，就会展开救援或疏散行动。

“为了预防大涨潮引发水灾，该委员会也特别预备71个临时疏散中心，好让民众遇到水灾来临时，能即时迁移到疏散中心。”

监督维修排水系统

沙里扎表示，该委员会也指示沙亚南市政厅、巴生市议会、公共工程局和水利灌溉局需时刻清理和维修各单位负责的排水系统、水闸和水泵，以便迎大涨潮或季风时，上述排水系统都能发挥功用，通畅排水，避免引发闪电水灾。

他举例，沙亚南市政厅最近就有租用水泵及兴建防洪池，以应付可能发生水灾的地区。

“我们也会发出相关警告给高风险地区的民众，以提醒他们在此期间，切勿靠近水域，避免发生意外。”

出席者包括消防局代表哈欣、巴生县水利灌溉局工程师莎莉娜和巴生市议会执法组主任沙鲁等。

沙里扎（右二）偕同多个单位到班达马兰第12区水闸门巡视，以了解各单位目前的防范工作。

拉吉夫與一組織合作 免費提供心理輔導

（八打灵再也2日讯）为了让武吉加星的居民更易获得心理健康服务，行动党武吉加星州议员拉吉夫与“Partners in Counseling”组织合作，免费提供线上和面对面的治疗服务，将根据居民的要求进行实体或线上服务。

拉吉夫发文告表示，早前他已与Relate Therapy合作展开一项计划，让居民通过Zoom平台享有每次最低50令吉入场费（entry point）的心理健康服务，目前则与另一组织合作。

可实体线上服务

他指出，他将其办

公室的专门空间用于这些服务，以完全保密和遵守标准作业程序（SOP）。为居民创造在线和实体空间的重要性，人们享有舒适度，才能有效地接受治疗。

他认为，除了通过降低这些服务价格来让居民轻易获得心理健康服务，这些中心或场所也应在居民可及的范围内。

他呼吁那些在疫情期间面对财务困境，经历家庭暴力，并默默承受的居民，应使用这项服务。

供4语选择

他说，免费的服务开放给该区18岁以上

的居民，可选择英文、马来文、中文或淡米尔文。民众可通过线上表格（<http://tinyurl.com/BGTherapy>）获得这项服务。

他一直在努力打破人们面对昂贵的心理健康服务，以及见治疗师感到羞耻的障碍，并认为应该把见治疗师和寻求帮助正常化，并鼓励寻求治疗师进行心理健康检查。

“如果我们的身体受到伤害，会毫不犹豫地去看医生，同样我们也应该为了我们的心理健康寻求治疗师帮助。”

他说，身为州议员，他必须确保居民的心理健康获得照顾，他呼吁卫生部确保心理健康服务不仅价格合理，而且每个政府诊所都有提供这项服务。

暢遊瓜冷好山好水
雪州旅遊局聯辦推廣

報道 > 李俊賢 攝影 > 陳敬暉

(仁嘉隆2日訊) 好山好水好風景，就在瓜冷縣！

由雪州政府、雪州旅遊局及瓜冷市議會聯辦的「暢遊瓜冷本地特色Pusing Selangor小旅遊」活動，日前邀請國內旅遊業者、旅遊協會及導遊公會代表，一同探訪瓜冷北部的旅遊及特色景點。

該項活動不僅推介蘊藏在瓜冷縣的景點，還主打深度旅遊，讓我國人民對當地文化有更深入的瞭解。

當天走訪的景點包括佛光山東禪寺、仁嘉隆銅鑼廟、原住民瑪美里文化村 (Mah Meri Cultural Village) 及瓜冷昔江港紅樹林休閒公園等。

劉永山：原住民人口比例佔最多

瓜冷區議員劉永山指出，儘管瓜冷縣的原住民村落并不多，惟却是雪州9个县中，原住民人口比例佔最多的县属，因此在该区的各领域中，皆有四大种族的踪影。

他说，瓜冷县也是雪州9县中，唯一具备4大自然景观的“福地”，即山、河流、海滩及红树林，因此必须发掘这块有潜力的地区。

他表示，接下来将会与州政府、雪州旅遊局、旅遊業者等合作，一同把特色旅遊景點及旅遊产品变成亮点。

他坦言，目前具备的高速公路有南巴生河流域大道 (SKVE)，而西海岸大道 (WCE) 预计于明年开放通行，包括重要的联邦5号公路。

太子城高架天桥助解塞

他披露，一旦绍嘉纳太子城高架天桥工程竣工，从南北大道第二中衔接大道 (ELITE) 前往瓜冷一带，就能免除塞车的困扰。

“当轻轨第三路线 (LRT 3) 建成，将会带动仁嘉隆一带行业的发展，包括餐饮业、旅游业、服务业及工商业等发展。”

刘永山日前在仁嘉隆新村老厝边民宿召开新闻发布会时，如是表示。

旅遊地图以华巫英呈现

刘永山提及，他将会联合相关机构，出版一册旅遊地图作为宣传工具，而该旅遊地图将以3种语文呈现，即华、巫及英文。

“每当出席活动时，我们将向所有人推介瓜冷县，包括仁嘉隆、万津、直落邦里玛嘉刺等地，好吃、好玩和可消费的地点。”

他说，经过雪州行政议员黄思汉大力推动“雪州新村好品大赛 BAIK Selangor (2021-2022)”。

仁嘉隆新村也有数间商店入团该项比赛。

“我们将会善用所有管道，大幅度且高调宣传瓜冷县的景点与特色，让更多人对该县感到不陌生。”

林立選呼人民響應本地旅遊

負責直落邦里瑪嘉刺的瓜冷市議員林立選指出，此次舉辦“暢遊瓜冷本地特色”活動，是為增加人民響應本地旅遊的信心，並在做好防疫措施的情況下，放心出遊。

他說，冠病疫情確實對旅遊業帶來極大的沖擊，連帶影響到餐飲業、酒店業、土產店等，因此透過帶動旅遊業，讓各行業的經濟逐漸復甦。

他表示，由於在構思該項活動期間，政府尚未解除跨州禁令，所以主打的對象為巴生河流域一帶的居民，大約有600萬人。

他提及，吉隆坡國際機場 (KLIA) 前往仁嘉隆一帶的車程不到半小時，一旦冠病疫情放緩，政府宣布開放邊界，讓外國遊客入境，將會帶動該區的旅遊業發展。

他披露，該項活動原定於8月份配合檳城季節節舉辦，惟冠病疫情並未放緩，唯有將活動展延至10月杪。

1. 瓜冷昔江港紅樹林休閒公園是個大自生態旅遊景點，訪客走過一道紅樹林走道後，就能看見另一番美景。
2. 老厝民宿是一間典型的華人新村板屋，雖然結合中國與南洋的建築風格，但房子的原貌依然保存著。
3. 仁嘉隆銅鑼廟常年香火鼎盛，至今已超過100年的歷史，是一間具有歷史價值的廟宇。

一許多人曾到訪佛光山東禪寺參加平安燈會，也有許多學者前往進行佛教學術研究。

一洪平基 (前排右三起)、劉永山及楊克勤等人在仁嘉隆新村的老厝邊民宿召開新聞發布會後，與參加“暢遊瓜冷本地特色Pusing Selangor小旅遊”活動者合照，前排左五至林立選。

「先在雪州轉轉」刺激經濟

負責第九區的瓜冷市議員楊克勤說，隨著巴生河流域已迎入國家復甦計劃第四階段，加上政府已解除跨州禁令，因此配合雪州政府推行的“先在雪州轉轉” (Pusing Selangor Dul) 計劃，推廣瓜冷北部的旅遊景點，並刺激當地經濟成長。

他表示，該項活動也邀請到國內旅遊協會、旅遊業者及導遊公會代表一同參與及考察仁嘉隆新村的特色，包括該村的特色美食，間接帶動更多遊客光臨。該區還有環境優美的民宿，旅客可從瓜冷北區一路遊走至瓜冷南區。

洪平基：特色景點帶動發展

仁嘉隆新村黨委主委洪平基表示，冠病疫情肆虐近2年，仁嘉隆新村村民為抗疫也長期待在家中，村民的思維卻逐漸提升，積極發起與推動本地旅遊活動，讓當地的經濟得到復甦。

他形容，仁嘉隆新村是個福氣滿滿的新村，能透過多個特色景點帶動當地的旅遊業發展，讓眾人進一步認識該區。若要仔細走訪該區，或許需耗上半年時間，尤其是佛光山東禪寺，因此值得大家前來感受當地文化與特色。

廖潤强：2個月內3次水災 無定時清理挖深河床

马华蒲种区会主席拿督廖润强说，沙登地区在短短2个月内发生三次水灾，尤以昨天的情况最为严重，估计至少2万户居民受灾，并直言水灾有很多因素，沙登再也的蓄水池不胜负荷是主要原因之一。

他担心接下来将迎来更夸张的水灾，“这个蓄水池是要应付博特拉大学（UPM）、斯里沙登、沙登再也方向的水，奈何没有定时清理和挖深河床，当高降雨量的时候就无法应付。”

廖润强说，有关蓄水池是由梳邦再也市政厅管理，当局曾耗资

900万令吉，从2013年至2017年期间进行提醒工程，惟竣工后没有后续保养和挖深河床。

他是在今偕同与蒲种区会署理主席刘有福、副主席刘振国、政府监督黄国辉和史里肯邦安投诉局主任黄俊昱就水灾问题，走访沙登再也时强调，州政府、梳邦再也市政厅和国州议员应该找出问题根源，一劳永逸解决问题。

另外，黄俊昱指出，沙登分别在9月5日和9月26日发生大水

■黄国辉（左起）、刘振国、廖润强、黄俊昱和刘有福巡视沙登再也地区的水灾后情况，发现墙壁上还残留水迹。

灾，昨天已经是2个月内第3次水灾。居民来不及搬走文件和家电，最终被水浸泡到损坏，损失惨重。（TSI）
